No. SEIAA/21st Meeting/2015-287 Dated: 17-4-2015

PROCEEDINGS OF 21ST MEETING OF THE STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY

The 21st meeting of the State level Environment Impact Assessment Authority (SEIAA) was held in the Conference Hall of the office of the Director, Environment, Science & Technology, Paryavaran Bhawan, Near US Club, Shimla-171001 on 9th April, 2015 at 12:00 Noon.

DELIBERATIONS AND DECISIONS OF SEIAA AS PER AGENDA ITEMS:

ITEM NO. 1:

The Authority reviewed the pending cases of the 20th meeting and observed that in the matter of case at Sr. No. 4.6 of M/s. Bhandral Stone Crusher, Vill. Gangwal PO Bhadroya, Tehsil Nurpur the reply from Government of India, MoEF & CC is awaited.

ITEM NO. 2:

Consideration of the projects for grant of Environment Clearance as recommended by the State Level Expert Appraisal Committee (SEAC) in its:

- 37th Meeting held on dated February 12-13, 2015 and
- 38th Meeting held on dated March 17-19, 2015

PROJECT RECOMMENDED FOR GRANT OF EC BY SEAC IN 34TH MEETING

2.1 Prop. Vishal Aggarwal at Mauza Mohkampura Nawada, Tehsil Paonta Sahib, Distt. Sirmour (H.P.) (Pending case of SEAC 34th Meeting)

Brief outline of the project:

- **Project type**: River bed mining for Sand, Stone and Bajri
- **Project Location**: Khasra No. 638/613/590/188/4 at Mauza Mohkampur Nawada, Tehsil, Paonta Sahib, Distt. Sirmour, H.P.
- **Capacity**: 35,550 TPA
- **Mining Area**: 58-02 Bighas or 4.69 hectare (Private Land)
- **EMP Cost**: Rs. 3.6 Lakhs Per Annum

Proposal was listed in 32nd meeting of SEAC and proponent was asked to submit information about mining leases operating within 500 mtrs of mining area. Now the proponent has submitted a certificate from Mining Officer, Nahan, Distt-Sirmour H.P that some leases exists within the radius of 500 mtrs of the proposed mining lease area but at present no mining lease is in operation due to want of EIA clearance.
The case was again listed in 34th Meeting on dated 17th December, 2013. The unit had submitted EIA/EMP report and gave a presentation on the project before the State Expert Appraisal Committee (SEAC) on the Environmental Impact Assessment and the Environmental Management Plan. The committee after considering and deliberating on the information submitted and facts placed before committee recommended the matter to SEIAA for environmental clearance as category B-2 (only for the purpose of public hearing) with the specific conditions besides general conditions for consideration by the SEIAA after the proponent shall submit a certificate from competent authority whether permission under Section 118 for mining lease area is applicable or not. If the permission is required, then the clearance shall only be considered after such permission is obtained and submitted to the Authority.

The case was listed in SEIAA in its 19th Meeting dated 15th February, 2014. After detailed deliberation on the contents of certificate issued by the Mining Department and the applicability of Section 118 of HP Land Reforms Act 1971, the authority decided that clarification with regard to grant of Environment Clearance to lease holders who are non agriculturists and non-Himachali should be sought from Revenue and the Industries Department so that holistic view in the matter is taken by the Authority. Further it was decided to ask the proponents to submit a clear certificate on mining leases as per the guidelines issued by Ministry of Environment dated 24/12/2013. The Authority directed that the matter be put up after the above clarification/certificate is received.

Now the proponent on dated 15/12/2014 has submitted the orders of Hon'ble High Court of HP dated 19/11/2014 with the request for the grant of Environment Clearance in view of HP High Court orders.

After considering the facts placed before SEIAA and considering the orders of Hon'ble High Court, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC subject to prior compliance to the observations of the SEAC and submission of the letter of intent/grant of mining lease order from the State Government.

PROJECTS RECOMMENDED FOR GRANT OF EC BY SEAC IN 37TH MEETING

Brief outline of the project:

a) Project type: Mining/Collection of Sand Stone & Bajri
b) Project Location: Khasra number (s) 242/60/2, 247/60/2 and 249/60 located near Mauza Bahral
c) Capacity: 9,260 TPA
d) Mining Area: 1.0958 hectare
e) EMP Cost: Rs 2,75000 under EMP and Rs. 63,000 under CSR

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to
prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit the copy of letter of intent issued by the competent authority.
- The project proponent shall submit L and X cross sections depicting the bed level of river bank at 50 meter intervals.
- Submit the list of plant species which are native to the area and are fast growing.
- To submit the certificate from concerned authority to the effect that there is no significant structure located nearby to the project site so as to ensure that the same is not affected by the activities of the project.
- To submit a digital map of land use of proposed site covering the minimum of 5 KM radius besides the State Boundary.
- To create provision of civic amenities, sanitary facilities such as toilet and temporary shed for the workers.
- The project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/Dispensary/Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/Dispensary/Panchayat Ghar under proposed CSR activities.

After considering the recommendations of SEAC, the authority decided that the case be listed in its next meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

2.3 Sh. Rajesh Sharma, S/o Sh. Tulsi Ram, Village-Naya, PO. Shillai, Tehsil-Shillai, Distt. Sirmour, HP:

Brief outline of the project:

a) Project type  Extraction of Stone (minor minerals)
b) Project Location Khasra No. 5075/3613/3 at Mauza/ Mohal Shillai
c) Capacity  25,900 TPA
d) Mining Area  34-04 Bighas (3 Hectares)

The project proponent has given the letter of intent dated 8/11/2013, NOC of concerned Gram Panchayat and approved Working-cum-Environment Management Plan dated 30/1/14.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall include in the proposal a plan to develop water recharging pits for rain water harvesting and submit the plan to SEIAA.
- To submit a certificate from concerned authority i.e. PWD to the effect that there is no significant structure located nearby the project site so as to ensure that the same is not affected by the activities of the project.
- To submit a digital map of land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case it is relevant.
- To create provision of civic amenities, sanitary facilities such as toilet and temporary shed for the workers.
The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

The project proponent shall resubmit the feasibility report by amending the same w.r.t. following aspects:
- Benches by 6x6 instead of 6x4.
- Corrections at page no. 40, 45 and 46 as suggested by the SEAC during the meeting.
- The PP shall give an undertaking to the effect that the wild life sanctuary shall not be disturbed by the workers deployed in the project.
- The PP shall submit the correct information w.r.t. actual number of workers to be deployed in project.
- Provide a copy of letter of mining lease certificate.

After considering the recommendations of SEAC, the authority decided that the case be listed in its next meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

Brief outline of the project:

a) Project type  Mining of Stone

b) Project Location  Khasra nos. 1447/1095, 1100, 1105, 1098, 1101, 1103, 1108, 1110, 1096, 1097, 1102, 1104 & 1106 falling in Mauza Malyawar/475, Ghumarwin.

c) Capacity  31,000 TPA

d) Mining Area  4.15 ha (55-08 bigha)

e) EMP Cost  Rs. 14.5 Lakhs (Capital Cost) and Rs. 5.20 (Recurring Cost)

The project proponent has submitted the grant of mining lease certificate from State Geologist dated 03.08.2011, NOC of concerned Gram Panchayat dated 11.05.2010, approval of working-cum-Environment Management Plan dated 13.01.2014.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit the copy of letter of intent issued by the competent authority.
- The project proponent shall submit L and X cross sections depicting the bed level of river bank at 50 meter intervals.
- Submit the list of plant species which are native to the area and are fast growing.
- To submit a certificate from concerned authority i.e PWD to the effect that there is no significant structure located nearby the project site so as to ensure that the same is not affected by the activities of the project.
- To submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case it is relevant.
- To create provision for civic amenities/sanitary facilities such as toilet, watertank and a temporary shed for the workers including an approach road to the villagers.
- The project proponent shall submit an undertaking/resolution to provide sanitary facility i.e. Toilet in a nearby located Government School/Dispensary/Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/Dispensary/Panchayat Ghar under proposed CSR activities.
- The project proponent shall revise the cost of EMP and resubmit the same w.r.t. clear allocations of recurring and non recurring costs.
- The project proponent shall give the undertaking for shifting of electric pole along with the consent of concerned HPSEB authorities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Copy of grant of mining lease by Deptt. of Industries dated 3/8/2011.
- Cross sections depicting the bed level of river.
- List of plant species which are native to the area.
- Certificate from HPPWD regard non-presence of significant structure located nearby the project.
- Digital land use map of project site.
- Undertaking/Affidavit regarding providing toilet in GPS Bhatoli & in Panchayat Ghar at Bhatoli.
- EMP Cost i.e. Rs. 3,70,200/- (not mentioned cost under CSR activity).
- Affidavit/undertaking stating that there is no electric pole in project site but there is one telephone pole without wire.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.5 Sh. Raman Kumar S/o Sh. Ganda Ram, village & P.O. Gondpur, Tehsil-Haroli, Distt. Una, H.P.

Brief outline of the project:

| a) Project type | River bed mining of Sand & Bajri |
| b) Project Location | Khasra numbers 270, 271, 273, 274, 275, 276, 277, 278 & 279 in tehsil and district Una. |
| c) Capacity | 37,760 TPA |
| d) Mining Area | 2-36-15 hectares |
| e) EMP Cost | Rs. 1.25 Lakhs (Capital Cost) and Rs. 50,000 (Recurring Cost) |

The project proponent has given letter from State Geologist regarding approval of working-cum-Environment Management Plan dt. 24.05.2014, a certificate from DFO dated 21.04.2014, a certificate from EE, Food Protection Division, Gagret regarding NOC for mining of sand and Bajri, a certificate from the Mining officer.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.
The project proponent shall submit the copy of letter of intent issued by the competent authority.

The project proponent shall submit L and X cross sections depicting the bed level of river bank at 50 meter intervals.

Submit a list of plant species which are native to the area and are fast growing.

To submit a certificate from concerned authority of PWD to the effect that there is no significant structure located nearby the project site so as to ensure that the same is not affected by the activities of the project.

To submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case it is relevant.

To create provision of civic amenities, sanitary facilities such as toilet and water tank temporary shed for the workers including an approach road to the villagers.

The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

The project proponent shall submit the details of muck dumping sites/ utilization plan.

The project proponent shall submit the revised work plan for 270 days in year instead of 300 days.

In compliance to the above conditions the project proponent has submitted the following documents:

- Copy of letter of intent by Deptt. of Industries.
- L and X cross sections map.
- Undertaking stating name of plant species which are native to the area and are fast growing.
- Undertaking regarding number of working days will be 270 instead of 300 days.
- NOC from EE, Una Division, that there is no significant structure located nearby the project site.
- Digital map of Land use of proposed site.
- Undertaking regarding providing of toilets, water tanks, coolers in Govt. School Girls at Santoshgarh.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.6 Sh. Sher Singh Negi M/s Yamuna Mines, House No.16, Ward No.-6, Devi Nagar, Tehsil Paonta Sahib, Distt. Sirmour, H.P.-173025

Brief outline of the project:

- **Project type**: Extraction of Sand, Stone & Bajri
- **Capacity**: 27,300 TPA
- **Mining Area**: 45-05 bighas (3.18142 ha. Pvt. Land)
- **EMP Cost**: Rs. 90,000 per annum under EMP Cost and Rs. 28,500 as Cost under CSR Activity.
The project has been transferred from MoEF & CC, Govt. of India, to SEIAA on dated September 13th, 2013.

The project proponent has submitted a letter from the State Geologist regarding approval of working-cum-Environment Management Plan dated 02.06.2014, NOC from concerned Gram Panchayat dated 23.02.2011, list of flora and fauna from DFO, Paonta Sahib dated 23.07.2014, a certificate from Mining Officer, Nahan dated 03.01.2015.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit the copy of letter of intent issued by the competent authority.
- The project proponent shall cross sections at 50 meter intervals.
- To submit a certificate from concerned authority i.e. PWD to the effect that there is no significant structure located nearby the project site as to ensure that the same is not affected by the activities of the project.
- To submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- To create provision of civic amenities, sanitary facilities such as toilet and water tank temporary shed for the workers including an approach road to the villagers.
- The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Copy of grant of mining lease.
- Cross sections at 50 meter intervals.
- Certificate from PWD.
- Land use map.
- Undertaking to provide Toilets at Govt. Middle School, Gojar and at Panchayat Ghar Khodri Majri at Gojar.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.7 Mr. G.B. Grit Udyog, Mauza & Mohal Tikri Kathar, Tehsil Pachhad, Distt. Sirmaur, H.P.

The project proponent has submitted letter of approval dt. 18.09.2012 from State Geologist regarding grant of mining lease a letter from State Geologist regarding approval of working-cum-Environment Management Plan 21.06.2013.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit the copy of letter of intent issued by the competent authority.
- The project proponent shall submit cross sections at 50 meter intervals.
- Submit a list of plant species which are native to the area and are fast growing.
- To submit a certificate from concerned authority i.e. PWD to the effect that there is no significant structure located nearby the project site so as to ensure that the same is not affected by the activities of the project.
- To submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- To create provision of civic amenities, sanitary facilities such as toilet and water tank temporary shed for the workers including an approach road to the villagers.
- The project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
- The project proponent shall submit the permission of concerned competent authority for felling of trees in the mining area.

In compliance to the above conditions the project proponent has submitted the following documents:

- Provisional grant of mine lease.
- Cross section map (A-A' and B-B').
- List of plant species.
- Certificate from PWD that there is no significant structure located nearby the project site but khasra number is 213/2 instead of 213/4.
- Land use map.
- Undertaking under CSR activity.
- Letter stating the proponent will cut/fell trees in the mining area.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.8 Mr. G.B. Grit Udyog, Mauza & Mohal Tikkri Kathar, Tehsil Pachhad, Distt. Sirmaur H.P.

Brief outline of the project:

a) Project type  Mining of Stone from hill slope.
b) Project Location  Khasra number 218/2
The project proponent has given the approval from State Geologist regarding grant of mining lease dated 18.09.2012, letter from State Geologist regarding approval of working-cum-Environment Management Plan 21.06.2013.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit a copy of letter of intent issued by the competent authority.
- The project proponent shall submit cross sections at 50 meter intervals.
- Submit a list of plant species which are native to the area and are fast growing.
- To submit a certificate from concerned authority i.e. PWD to the effect that there is no significant structure located nearby the project site so as to ensure that the same is not affected by the activities of the project.
- To submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- To create provision of civic amenities, sanitary facilities such as toilet and water tank, a temporary shed for the workers including an approach road to the villagers.
- The project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/Dispensary/Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/Dispensary/Panchayat Ghar under proposed CSR activities.
- The project proponent shall submit the permission of concerned competent authority for felling of trees in the mining area.

In compliance to the above conditions the project proponent has submitted the following documents:

- Provisional grant of mine lease.
- Cross section map (A-A' and B-B').
- List of plant species.
- Certificate from PWD that there is no significant structure located nearby the project site.
- Land use map.
- Undertaking under CSR activity.
- Letter stating the proponent will cut/fell trees in the mining area.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Construction of medium irrigation project by constructing Rain Water Harvesting structure in Satyar Khad, Er. P.K. Vaidya, Executive Engineer, I&PH, Division, Sarkaghat, Distt. Mandi H.P.175024

The committee after deliberating on the information submitted by the project proponent and after the facts placed before it, recommended the case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions, besides along with following project ‘Specific Conditions’ and ‘General Conditions’ to be stipulated as at Annexure-B of minutes.

- To submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case it is relevant.
- The project proponent shall submit the Forest Clearance letter.
- The project proponent shall submit the water withdrawal permission from the competent authority.
- The project proponent shall submit NOC from fisheries department.

Specific Conditions:

1. The Project Proponent shall submit the water balance sheet to the Authority from time to time.
2. Notwithstanding anything contained in this clearance, the land acquisition shall be governed by the provisions of regulations/rules related to revenue and development plan for which requisite permissions from competent revenue / Town & Country authorities shall be obtained.
3. Diversion of water for the project shall be made in such a way that the riparian rights of the downstream users are not affected.
4. The Project Proponent shall obtain all the requisite approvals/clearances/NOCs as may be applicable to the Project from the Competent Authorities under different Acts/Rules/Regulation/Order etc.
5. The construction material such as Grit/Bajri, Sand shall be obtained from authorized dealers/suppliers only and no illegal mining etc. shall be caused.
6. Keeping in view the labour to be employed during the construction phase arrangements to maintain hygienic conditions in the labour camps such as temporary toilets with water tank, fuel facility etc shall be made.
7. The muck generated during construction shall be disposed off in a scientific manner by providing proper and adequate retaining structures and shall be reused as refill in the trenches and shall not be thrown in the forest area.
8. Environment clearance is subject to final order of the Hon'ble Supreme Court of India in the matter of Goa Foundation Vs. Union of India in Writ Petition (Civil) No. 460 of 2004, as may be applicable to this project.

After considering the recommendations of SEAC and keeping in view the importance of the project in public interest, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC, subject to prior compliance to the observations of SEAC with in a period of one month from the date of issuance of the minutes.

The project proponent has submitted letter from H.P. Krishi Vishvidyala, Plampur, Directorate of Research dated 09.09.2011 regarding latest research in the field of minimum water requirement for the crop which is grown in different area of Sarkaghat, a letter dated 27.08.2011 from Dr. Y.S. Parmar, University, Solan regarding requirement of water for different natural and vegetable crop and map of project area.

The committee after deliberating on the information submitted by the project proponent and after considering the facts placed before it recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with following project ‘Specific Conditions’ and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- To submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case it is relevant.
- The project proponent shall submit the Forest Clearance letter.
- The project proponent shall submit the water withdrawal permission from the competent authority.
- The project proponent shall submit NOC from fisheries department.

Specific Conditions:

1. The Project Proponent shall submit the water balance sheet to the Concerned Authority from time to time.
2. Notwithstanding anything contained in this clearance, the land acquisition shall be governed by the provisions of regulations/rules related to revenue and development plan for which requisite permissions from competent revenue and Town & Country authorities shall be obtained.
3. Diversion of water for the project shall be made in such a way that the riparian rights of the downstream users are not affected.
4. The Project Proponent shall obtain all the requisite approvals/ clearances/ NOCs as may be applicable to the Project from the competent authorities under different Acts/ Rules/ Regulation/ Order etc.
5. The construction material such as Grit/ Bajri, Sand shall be obtained from authorized dealers/ suppliers only and no illegal mining etc. shall be caused.
6. Keeping in view the labour to be employed during the construction arrangements to maintain hygienic conditions in the labour camps such as temporary toilets, water tank, fuel facility etc. shall be made.
7. The muck generated during construction shall be disposed off in a scientific manner by providing proper and adequate retaining structures and shall be reused as refill in the trenches and shall not be thrown in the forest area.
8. Environment clearance is subject to final order of the Hon'ble Supreme Court of India in the matter of Goa Foundation Vs. Union of India in Writ Petition (Civil) No. 460 of 2004, as may be applicable to this project.

After considering the recommendations of SEAC and keeping in view the importance of the project in public interest, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC, subject to prior compliance to the observations of SEAC with in a period of one month from the date of issuance of the minutes.

The project proponent has submitted a letter of intent from State Geologist dated 21/1/2013, NOC from concerned Gram Panchayat dated 12.11.2011.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit L and X cross sections depicting the bed level of river bank at 50 meter intervals.
- Submit a list of plant species which are native to the area and are fast growing.
- Submit a certificate from concerned authority PWD, IPH to the effect that there is no significant structure located nearby the project site so as to ensure that the same is not affected by the activities of the project.
- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case relevant.
- will create provision of civic amenities, sanitary facilities such as toilet, drinking water and temporary shed for the workers.
- Project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
- Project proponent shall submit details of dumping sites with khasra numbers.

In compliance to the above conditions the project proponent has submitted the following documents:

- Land X cross section depicting the bed levels of river bank at 50 mtrs. Interval.
– Undertaking stating the name of fast growing native plant species.
– Certificate of Asstt. Engineer, IPH Division Bhoranj stating that there is no significant structure located nearby the project site.
– Digital Land use map of proposed site covering minimum of 5 kms radius.
– Undertaking to provide shelter, health facility, safe drinking water, sanitation facility, fuel for cooking etc. Provision of water coolers at GSSS Nabahi.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.12 Smt. Vanita, M/s Sai Stone Crusher, village Bhadiaran, P.O. Dulehar, Tehsil Haroli, Distt. Una, H.P.

Brief outline of the project:

a) Project type
   Stone, grit & mix mining.

b) Project Location
   Khasra number 300, 301, 302/2 & 306 at Mohal Bhadiaran, Tehsil Haroli, Una.

c) Capacity
   85,663 TPA

d) Mining Area
   4.9337 hectares

e) EMP Cost
   Rs. 11.5 Lakhs (Capital Cost) and Rs. 2.00 Lakhs (Recurring Cost)

The project proponent has given a letter from Gram Panchayat, a certificate from Mining Officer, dated 27.12. 2014,a letter from DFO-Una, Joint inspection report dated 11.08.2014, a letter of intent dated 17.11.2014, a working-cum-Environment Management Plan.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

– The project proponent shall submit cross sections.
– Submit a list of plant species which are native to the area and are fast growing.
– Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
– Will create provision of civic amenities, sanitary facilities such as toilet, drinking water and a temporary shed for the workers will give total numbers of workers proposed to be engaged.
– Project proponent shall submit an undertaking/ resolution to provide sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
– Project proponent shall obtain the permission of competent authority for use of semi mechanized machinery.
– Project proponent shall submit proper reclamation plan for the project.
– Project proponent shall use own bore well with permission from Ground Water Commission/ Authority.
In complaisance to the above conditions project proponent has submitted the following documents:

- Cross sections map of proposed site.
- Undertaking stating name of plant species which are native to the area and are fast growing.
- Digital map of Land use of proposed site.
- Undertaking regarding provision of civic amenities, sanitary facilities such as toilet, drinking water and a temporary shed for the workers will give total numbers of workers proposed to be engaged.
- Undertaking regarding construction of toilets, water tanks, coolers in GSSS Bhadiaran.
- Undertaking regarding obtaining the permission of competent authority for use of semi mechanized machinery. Post Reclamation Plan.
- Undertaking regarding use of own bore well with permission from Ground Water Commission/ Authority.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

The project proponent has submitted a letter of intent dated 05.08.2013, a certificate from concerned Gram Panchayat dated 08.08.2012,a letter from DFO Solan dated 27.11.2012, and also an approved working-cum-Environment Management Plan dated 24.01.2014.

The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- Project proponent shall submit L and X cross sections depicting the bed level of river bank at 50 meter intervals.
- Submit a list of plant species which are native to the area and are fast growing.
- To submit a certificate from concerned authority PWD, IPH to the effect that there is no significant structure located nearby the project site as so to ensure that the same is not affected by the activities of the project.
- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Will create provision of civic amenities, sanitary facilities such as toilet, drinking water and a temporary shed for will give workers with total numbers of workers proposed to be engaged.
- Project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/Dispensary/Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/Dispensary/Panchayat Ghar under proposed CSR activities.
- Project proponent shall submit details of dumping sites with khasra numbers.
- Project proponent shall submit NOC from IPH (for required quantity of water), NOC from local panchayat & PWD department as the case may be and arrange their own source of water like bore well after approval of competent authority i.e. GWA/C.

In compliance to the above conditions the project proponent has submitted the following documents:
- L and X cross sections.
- List of plant species.
- Certificate from PWD.
- Landuse map.
- Undertaking/affidavit to create provision of civic amenities, sanitary facilities.
- Undertaking/affidavit stating details of dumping sites.
- Undertaking/affidavit stating use of water from personal water source.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

The project proponent has submitted a letter from Mining Officer, Shimla dated 24.01.2014, NOC from concerned Gram Panchayat dated 03.04.2011, letter from State Geologist regarding grant of Mining lease dated 01.11.2011, and an approved working-cum-Environment Management Plan dated 17.05.2013.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.
- Project proponent shall submit a copy of letter of intent issued by the competent authority.
- Project proponent shall submit cross sections at 50 meter intervals.
- Submit a list of plant species which are native to the area and are fast growing.
- Submit a certificate from concerned authority of PWD to the effect that there is no significant structure located nearby the project site so as to ensure that the same is not affected by the activities of the project.
- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Will create provision of civic amenities, sanitary facilities such as toilet, drinking water and a temporary shed for the workers including an approach road to the villagers.
- Project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
- Project proponent shall submit the production data for the last five years.
- Project proponent shall submit details of dumping sites with khasra numbers.
- Project proponent shall give an undertaking w.r.t. maintaining of the Spring source of surrounding area.

In compliance to the above conditions the project proponent has submitted the following documents:

- Grant order of mining lease issued by Deptt. of Industries dated 1/11/2011.
- Proponent stated that cross sections does not applicable to project.
- Certificate from concerned forest officer regarding area specific plant species.
- Certificate from PWD regarding non-presence of significant structure nearby the project.
- Digital land use map.
- Undertaking regarding providing of sanitary facility i.e. toilet under proposed CSR activities
- Production data for five years.
- Undertaking mentioning location of dumping sites at Khasra No. 64/2 & 65/2 near crusher site and providing of report regarding maintenance of spring source nearby project area.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.15 Sh. Kishori Lal Bhardwaj, village Parag, P.O. & Distt. Solan, H.P.

Brief outline of the project:

a) Project type
   Extraction and quarrying of Sand from friable sandstone from hill slope.

b) Project Location
   Khasra No. 244/125/1 & 126/1 at Mauza Parag.

c) Capacity
   3,840 TPA

d) Mining Area
   5-14-00 Bigha/ 0.4289 hectares (Private Land)

e) EMP Cost
   Rs. 1.70 lakhs (Capital Cost) and Rs. 2.00 lakhs (Recurring Cost)
The project proponent has submitted the letter of Intent dated 09.01.2014, joint inspection report dated 29.03.2013, letter dated 07.07.2014 from State Geologist regarding grant of Mining lease, a letter from Gram Panchayat dated 22.07.2011 and a letter from Mining Officer, Solan, dated 24.03.2014.

Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended the case application for consideration of project for grant of environmental clearance by the SEIAA, subject to fulfillment of Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) Project type: Collect/extraction of stone from hill slope.
b) Project Location: Khasra No. 134/1
c) Capacity: 14,900 TPA
d) Mining Area: 0.96 hectares
e) EMP Cost: Rs. 2.7 lakhs (Capital Cost) and Rs. 1.7 Lakhs/Annum (Recurring Cost)

The case was listed before SEAC in its 36th meeting. The committee had directed the project proponent to submit the following documents:

- Joint inspection report
- Revenue paper of the land
- Photography and video-graphic view of entire mining area.
- Revised list of flora and fauna.

The project proponent submitted the above mentioned documents. The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit the copy of letter of intent issued by the competent authority.
- To submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case relevant.
- The project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in the Govt. Sr. Sec. School at Manjhu under proposed CSR activities.

Project proponent on dated 3/3/2015 has submitted the following document:
- Digital map of Land use of proposed site covering of 5 KM radius, Map of Surface geological section, Map of working section (Section X-X') & a map of Post reclamation Plan.
- Undertaking by project proponent for construction of toilets in the GSSS at Manjhu.

**After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.**

2.17 Sh. Om Prakash Mehta, M/s Mehta Stone Crusher, V.P.O. Khaneri, Tehsil-Rampur, District-Shimla, Himachal Pradesh.

**Brief outline of the project:**

| a)   | Project type            | Mining of minor mineral (Stone) |
| b)   | Project Location        | Khasra No. 3089/1994/1 at Mauza/ Mohal Jhakri, Rampur. |
| c)   | Capacity                | 27,105 TPA                      |
| d)   | Mining Area             | 2-24-72 ha (Pvt. land)          |
| e)   | EMP Cost                | Rs. 10.5 lakhs (Capital Cost), Rs. 2.0 Lakhs/annum (Recurring Cost) and Rs. 3.00 lakhs (under CSR) |

The proposal is for mining of minor minerals i.e. Stone over an area of 2 ha. The proposed mining capacity is 1,291,05 MT for five years.

The project was also taken up in 36th meeting of SEAC, wherein proponent was directed to submit the following documents:

- Copy of Letter of Intent.
- Fresh and comparative photography & videography of the area including adjoining area National Highway, Haulage road.
- Joint inspection report.
- Approved working-cum-Environment Management Plan.

In compliance the project proponent has submitted all the desired documents. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- Submit a list of plant species which are native to the area and are fast growing duly certified by the concerned Forest Office.
- To submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. 2 Toilets in the Govt. Sr. Sec. School at Khaneri under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- List of plant species as certified by the Range Officer, Rampur Bushahar, Distt. Shimla.
- Digital map of land use of proposed site.
- Undertaking regarding providing of sanitary facility for two toilets in GSSS at Khaneri.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) Project type
   Mining of Sand, Stone & Bajri

b) Project Location
   Khasra No. 180/2 at Mauza/ Mohal Aduwal & Batoli.

c) Capacity
   16,000 TPA

d) Mining Area
   59-1 Bigha /4-44-34 hectares

e) EMP Cost
   Rs. 9.5 Lakhs (Capital Cost) and Rs. 4.40 Lakhs (Recurring Cost)

The project had already been taken in 36th meeting of SEAC, wherein proponent was directed to submit the following documents:

- All drawing plan showing contours w.r.t. location of mining area protection measures with all physical features.
- Layout plan of all roads involved,
- Photography & video-graphy to be submitted for whole of the mining area.
- Environment Management Plan.

The project proponent has submitted all the documents desired by the Committee. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- Project proponent shall submit a copy of letter of intent issued by the competent authority.
- Submit a list of plant species which are native to the area and are fast growing duly certified by the concerned Forest Office.
- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilets in the Govt. Sr. Sec. School at Mahadev under proposed CSR activities.
- Project proponent shall submit a certificate from concerned mining officer w.r.t. other mining leases located within 500 meters radius.
- Project proponent shall submit a Certificate from Tehsildar regarding the mining lease area and distance from Mining lease area to the Inter- State boundary etc.
- Project proponent shall resubmit the Form-1 with complete information.

In compliance to the above conditions the project proponent has submitted the following documents:

(Proceedings of 21st SEIAA Meeting) Page 19/55
After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) **Project type**
   Extraction/Mining of Stone from hill slope

b) **Project Location**
   Khasra No. 1042, 998, 1029 and 104, Mohal/ Mauza Salana, Tehsil & District Shimla, HP

c) **Capacity**
   15,000 TPA

d) **Mining Area**
   1-01-66 Hectares/ 15-01 Bighas (Private Land)

e) **EMP Cost**
   Rs. 14.5 (Capital Cost), Rs. 5.20 (Recurring Cost).

The project has already been taken up in 36\(^{th}\) meeting of SEAC, wherein the project proponent was directed to submit the following documents:

- Photography & video-graphic view showing all the relevant position of road, crusher and other protection measures proposed to be taken.
- Proposed mitigation and management measures for adverse environment impacts should be early mentioned in physical and financial terms.
- Revised list of flora and fauna.

The project proponent has submitted all the documents desired by the Committee. The case was again listed in 37\(^{th}\) Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit the copy of letter of intent issued by the competent authority.
- Submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case relevant.
- The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
In compliance to the above conditions the project proponent has submitted the following documents:

- Digital map of land use of project site.
- Undertaking to construct two toilets in Govt. Primary School at Sari, Shimla Rural.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.20 M/s Tashkent Stone Crusher, Sh. Rohit Sood & Sonal Sood, Village-Naraini, Tehsil-Kasauli, Solan, Himachal Pradesh

SEAC in its 36th meeting advised project proponent to submit following details:

- The revised list of flora & fauna.
- Certificate from mining department that there is no mining lease existing/operational within 500 meter from the periphery of the applicants lease area or if the leases exist within 500 meter of the periphery of applicants lease area, the total area of all the leases including that of the applicant does not equal or exceeds 5hectare to determine whether General Conditions are attracted or not. The same has been submitted by the project proponent.

In compliance the project proponent submitted all the desired documents. The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- Project proponent shall submit a copy of letter of intent issued by the competent authority.
- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/Dispensary/Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/Dispensary/Panchayat Ghar under proposed CSR activities.
- Project proponent shall use own bore well with permission from Ground Water Commission/Authority.

In compliance to the above conditions the project proponent has submitted the following documents:
– Digital map of land use of proposed site depicting distance from state border, settlement & school.
– Undertaking by the project proponent to provide sanitary facility to the nearest Govt. School/Dispensary/Panchayat Ghar stating the name of the body.
– Copy of the letter issued by the Panchayat stating the welfare work and activities already executed by the proponent in the area.
– Copy of the registration of borewell with the IPH Deptt. showing that the proponent is authorized to use their own borewell and the same permission has been granted by the competent authority.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

- a) Project type
- b) Project Location
- c) Capacity
- d) Mining Area

Extraction of Stone from quarry
Khasra no. 326 & 328 Mauza & Mohal Khola
8200 TPA
1-12-11 hectare (Private land)

The SEAC in its 20th meeting dated 22th August 2012 issued the ToR’s for the project proponent, which as on date are not valid, so project proponent has applied a fresh.

The project proponent has also submitted the joint inspection report dated 17.12.2008, a letter from concerned Gram Panchayat, a letter from Range Officer, letter from Mining Officer dated 02.01.2015, approved mining plan dated 03.11.2010 and a letter from Tourism department, Shimla, dated 13.01.2009.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- Project proponent shall submit a copy of letter of intent issued by the competent authority.
- Project proponent shall submit cross sections at 50 meter intervals.
- Submit a list of plant species which are native to the area and are fast growing.
- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
- Project proponent shall submit a legible copy of approved mining plan.
- Project proponent shall resubmit the Form-I with complete information.
After considering the recommendations of SEAC, the authority decided that the case be listed in its next meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

2.22 Sh. Vishal Chambial, M/s J.V. Stone Crusher, Village-Lodhwan, Tehsil-Nurpur, District-Kangra, H.P. 176201.

Brief outline of the project:

a) Project type: 
   Extraction of Sand, Stone & Bajri

b) Project Location:
   Khasra no. 1 and 541 at Chakki Khad, in Mouza Lodhwan, Nurpur, Kangra.

c) Capacity:
   1,43,620 MT for 5 Years.

d) Mining Area:
   4-25-33 hectare

e) EMP Cost:
   Rs. 7.0 Lakhs (Capital Cost) and Rs. 1.0 Lakhs (Recurring Cost)

The case has been transferred from MoEF & CC vide no. Z-11013/271/2012-IA-II(M) Pt. dated September 13th, 2013.

The project proponent has submitted the registration of mining lease deed agreement from Mining Officer, Kangra dated 08.12.2010, grant of Mining lease from Directorate of Industries dated 27.10.2008, letter from DFO Nurpur dated 28.02.2013.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- Project proponent shall submit a copy of letter of intent issued by the competent authority.
- Project proponent shall submit a certificate from concerned mining officer w.r.t. other mining leases located within 500 meters radius.
- Project proponent shall submit L and X cross sections depicting the bed level of river bank at 50 meter intervals.
- Project proponent shall submit a list of flora & fauna in consultation with the concerned forest officer.
- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. 2 Toilets in a nearest located Government School i.e. GSSS Lodhwa under proposed CSR activities.
- Project proponent shall submit Photographs and videography of project site.

The after considering the facts placed before SEIAAA and considering the recommendations of SEAC viz-a-viz the decision of the SEIAA w.r.t. concentration of mining activities in Chakki river that the lease applications of Environmental clearance in Chakki & its Tributaries in the areas 1 KM upstream of bridge on Mandi-Pathankot NH and 3KMs D/s of Railway bridge on Pathankot-Jallandher section shall be dealt with one level i.e. at the level of MoEF&CC, GoI, the SEIAA decided that the proponents be asked to submit Certificate from concerned authorities regarding exact distance of project site from upstream of bridge on
Mandi-Pathankot NH and D/s of Railway bridge on Pathankot-Jallandher section and accordingly matter be referred back to SEAC to appraise the case application in accordance with the earlier decision of SEIAA.

Brief outline of the project:

a) Project type  Extraction/collection of Stone from hill slope  
b) Project Location  Khasra nos. 188, 185, 187, 186, 194, 198, 199 & 202.  
c) Capacity  18,500 TPA  
d) Mining Area  1.3 hectares  
e) EMP Cost  Rs. 7.5 Lakhs (Capital Cost) and Rs. 5.1 Lakhs (Recurring Cost)

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. 2 Toilets in a nearest located Government School i.e. GSSS at Jolna under proposed CSR activities.
- Project proponent shall submit the baseline study w.r.t. air & water quality.

In compliance to the above conditions the project proponent has submitted the following documents:

- Land use map of proposed site.
- Undertaking/ resolution to provide the sanitary facility i.e. Toilets in a nearest located Government School i.e. GSSS at Jolna under proposed CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

PROJECTS RECOMMENDED FOR GRANT OF EC BY SEAC IN 38TH MEETING

Brief outline of the project:

a) Project type  River bed mining of Sand, Stone and Bajri  
b) Project Location  Khasra Numbers1803 and 1804  
c) Capacity  33,790 TPA  
d) Mining Area  03-52-37 hectare  
e) EMP Cost  Rs. 6.0 Lakhs (Capital Cost) and Rs. 1.4 Lakhs (Recurring Cost)
The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

The project proponent has submitted the letter of grant of mining lease dated 08.12.2011, proforma of joint inspection report dated 23.08.2011, letter from mining officer dated 15.03.2014, NOC from Gram Panchyat dated 26.08.2011.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall resubmit the Form-I after correction in information (ref. 2.6 sr. no.)
- The project proponent shall resubmit the Map clearly showing the observation of joint inspection report w.r.t. laying of water supply scheme pipe line through the mining site as to show that the same shall not be disturbed by mining activities.
- The project proponent shall submit the details on legal source of water supply. The NOC from panchayat for use of water from nearby source if any shall be submitted.
- The copy of Letter of Intent from competent authority.
- Letter from Industry department regarding approved working-cum-Environment Management Plan.
- An undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
- The project proponent shall ensure that the information supplied w.r.t. toposheets, longitude, latitude are corrected.
- The livestock data presented is of 1997 and may be updated from latest surveys.
- The pictures supplied w.r.t. plantation in the areas observed to be of Lantana and visor cannabis, which requires clarifications.
After considering the recommendations of SEAC, the authority decided that the case be listed in its next meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

The project proponent has submitted the copies of letters of Intent from Department of Industries, dated 14.08.2014, proforma for joint inspection report dated 25.08.2013, approved working-cum-Environment Management plan dated 23.12.2014, letter from DFO dated 05.01.2015, and NOC from Gram Panchyat dated 08.03.2014 etc. Mining Officer letter dated 27-08-2014.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall resubmit the Map giving clearly all important references such as roads, important land marks.
- The project proponent shall submit the details of legal source of water supply. NOC from concerned Gram panchyat for use of water from nearby source if any.
- The project proponent shall re-submit the Form I with correct information.
- The project proponent shall give preference to Rubinia & Buel (suitable plant species) instead of horticulture practices. The project proponent shall submit the list of flora and fauna duly certified from the competent authority.
- The project proponent shall submit an undertaking for construction of check dams and to the fact that the muck shall not be thrown/ dumped in the near by nallaha/ river.
- The project proponent shall specify muck dumping sites with Khasra number.
- The project proponent shall submit the list of plant species which are endemic to the area and are fast growing from competent authority.
- The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Land use map.
- NOC from panchayat.
- Form-1 with corrected information.
- Detail of flora & fauna from DFO Shamshi.
- Undertaking regarding construction of check dams and specification of muck dumping sites with Khasra number.
- List of plant species endemic to the area.
- Undertaking to provide the sanitary facility i.e. Toilet in a nearest located Government School i.e. at GHS Naraish under proposed CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall re-submit certificate from forest officer regarding distance of project site from Wild Life Sanctuary.
- The project proponent shall provide muck dumping sites with Khasra number.
- The project proponent shall submit details of legal source of water supply. NOC from panchayat for use of water from nearby source if any.
- The project proponent shall submit an undertaking/resolution to provide Toilet facility in a nearest located Government School i.e. at middle school Mashiwer under proposed CSR activities.
- The project proponent shall provide Labour hut/rest room with required sanitary facility.

In compliance to the above conditions the project proponent has submitted the following documents:

- Certificate/clarification from DFO Solan regarding distance of Chail WLS from project site i.e. 30 Kms via road and 6 kms (approx.) aerial distance.
- Undertaking/affidavit regarding details of legal source of water supply & NOC from Panchayat.
Undertaking/ resolution to provide Toilet facility in a nearest located Government School i.e. at middle school Mashiver under proposed CSR activities and undertaking to provide Labour hut/ rest room with required sanitary facility.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) Project type
   Extraction/ collection of Stone from hill slope
b) Project Location
   Khasra number 335/2
c) Capacity
   10,800 TPA
d) Mining Area
   0.5961 hectare (Private Land)
e) EMP Cost
   Rs. 2.0 lakhs (Capital Cost) and Rs. 3.0 lakhs (Recurring Cost)

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall supply document w.r.t. legal source of water supply. The NOC from panchayat for use of water from nearby source if any.
- The project proponent shall submit an undertaking/ resolution to provide Toilet in a nearest located Government School Govt. Primary School Katiana under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:
- NOC from panchayat for use of water from nearby source.
- Undertaking/ resolution to provide Toilet in a nearest located Govt. Primary School at Katiana.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:
a) **Project type**
   River-bed mining of Sand, Stone & Bajri

b) **Project Location**
   Khasra no.287, 320/2, 293 Mauza – Bir Palasi, Tehsil-Nalagarh, District - Solan, H.P.

c) **Capacity**
   27,300 TPA

d) **Mining Area**
   4-84-29 hectares

e) **EMP Cost**
   Rs. 3,25,000 under EMP and Rs. 80,000 under CSR

The SEAC observed that the Hon’ble National Green Tribunal has passed an *order on dated 04.02.2015 wherein it has been directed that the SEIAA has to dispose the above said application for grant of Environment Clearance within one week from date of filing of the application.*

The SEIAA received the application from the project proponent on *27th January, 2015* and circulated the same to all SEAC members on *6th February, 2015 w.r.t. the Hon’ble NGT decision.*

The project proponent has submitted the grant of mining lease from Industry department regarding grant of mining lease dated 21.02.2011, NOC from Gram Panchayat dated 23.08.2010, working-cum-Environment Management Plan dated 8.04.2013.

The committee after deliberating on the orders of the Hon’ble NGT as stated above observed that the time involved in processing of the application has been notified by the Ministry of Environment, Government of India and any change in process does not fall in the purview of SEAC. However, on information submitted by the project proponent and considering the facts placed before the committee appraised the proposal and recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The project proponent shall resubmit the Form-I after necessary corrections as has been observed by the SEAC.
- The project proponent shall submit the data on water discharge during lean period & ground water level of area.
- The project proponent shall submit the map clearly indicating the reference.
- The project proponent shall submit provide muck dumping sites with Khasra number.
- The project proponent shall submit details of legal source of water supply. The NOC from panchayat for use of water from nearby source if any.
- The project proponent shall submit the list of plant species which are endemic to the area and are fast growing from competent authority.
- The project proponent shall submit an undertaking/ resolution to provide the Toilet facility at Primary School Plassi Kalan under proposed CSR activities.
- Project proponent shall allow through fare on the road passing through his land and ensure that mining on both sides of road does not block the fleet passage.

*After considering the recommendations of SEAC, the authority decided that the case be listed in its next meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.*

Brief outline of the project:

a) Project type: Collection/Extraction of Sand, Stone & Bajri
b) Project Location: Khasra Number 1/1
c) Capacity: 47,250 TPA
d) Mining Area: 04-93-68 hectare
e) EMP Cost: Rs 4,50,000 under EMP and Rs. 80,000 under CSR

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit details of legal source of water supply. The NOC from panchayat for use of water from nearby source if any.
- Provide Data w.r.t. groundwater level in and around the project site.
- Provide muck dumping sites with Khasra number.
- The project proponent shall submit an undertaking to organize plantation activity with active participation of children of nearby school and also shall provide a toilet in a nearest located Government School i.e. Bassa School Primary School under proposed CSR activities.

After considering the recommendations of SEAC, the authority decided that the case be listed in its next meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

2.31

Brief outline of the project:

a) Project type: Mining of Sand, Stone & Bajri
b) Project Location: Khasra Number 2
c) Capacity: 36,450 TPA
d) Mining Area: 4.0404 hectares
e) EMP Cost: Rs 4,25,000 under EMP and Rs. 70,000 under CSR

The project proponent has submitted letter of Intent from Industry department dated 28.05.2013, letter from Mining Officer dated 01.07.2014, letter from Gram Panchayat dated 07.05.2012 & 21.04.2012, land revenue records dated 27.03.2012, letter from DFO-Una dated 27.06.2014 and joint inspection report dated 04-5-1012.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to
prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit details of legal source of water supply. The NOC from panchayat for use of water from nearby source if any.
- To provide information regarding Muck dumping sites with Khasra number.
- Shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

After considering the recommendations of SEAC, the authority decided that the case be listed in its next meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

Brief outline of the project:

| a) Project type | Extraction of Stone |
| b) Project Location | Khasra No. 467/2 at Mauza Dargi, Tehsil Suni, District Shimla H.P |
| c) Capacity | 15,500 TPA |
| d) Mining Area | 23 Bighas/ 1-72-58 hectares |

The proposal was taken up by the SEAC in its 36th meeting. The proponent was advised to submit documentary evidence w.r.t. changing of Khasra number, letter of intent from mining department, method of mining along with photography and videography of the mining lease area, revised list of flora & fauna authenticated by the Forest department and NOC of Punjab & Sindh bank that they have no objection to the mining project. The same has been submitted by the project proponent.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit details of legal source of water supply. The NOC from panchayat for use of water from nearby source if any.
- The proponent shall submit the details of muck dumping sites with Khasra numbers.
- The proponent shall provide a toilet in the nearest located Government School i.e. Thoond under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- NOC from panchayat for use of water from nearby source.
- Details of muck dumping sites with Khasra numbers.
- Undertaking to provide a toilet in the nearest located Government School i.e. GPS, Thoond under proposed CSR activities.
After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) **Project type**
   Mining/extraction of Minor Minerals (Stone)

b) **Project Location**
   Khasra 115/111/3 at Mauza & Mohal Banoi, Ramsingh, Tehsil-Kasauli, Distt. Solan,

c) **Capacity**
   50-00 Bhighas/ 3.7625 Hectares (Private Land)

d) **Mining Area**
   Rs. 2.0 Lakhs (Capital Cost) and Rs. 6.0 Lakhs (Recurring Cost)

e) **EMP Cost**

The proposal was taken up by the SEAC in its 36th meeting. The proponent was advised to submit documentary evidence w.r.t. Joint Inspection report of the committee, revenue papers of land, photographs and video graphic view of entire mining area, revised list of flora and fauna. The same has been submitted by the project proponent.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit the details of legal source of water source of water.
- The project proponent shall submit an undertaking/resolution to provide the Toilet in a nearest located Government School i.e. Middle School Gunai and Panji under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Project proponent has submitted affidavit/undertaking regarding source of water and providing toilet and sanitary facilities in Rajkiya Prathmik Pathshala Gunai and Rajkiya Madhyamik Pathshala Panji, Kasuli, Solan.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.34 M/s Him Stone Crusher, Village & Post Office-Maidangarh, Tehsil-Amb, District-Una, Himachal Pradesh

Brief outline of the project:

a) **Project type**
   Extraction/collection of Sand, Stone and Bajri

b) **Project Location**
   Khasra numbers 1773, 1781, 1782, 1783, 1785, 1786, 1787, 1788, 1789, 1790 & 1791 falling in Mauza & Mohal village &
The project proponent has submitted the approval letters from different departments like grant of mining lease from Department of Industries, dated 17.08.2010 and the proponent was asked to file a legible copy joint inspection report dated 23.02.2008, letter from Mining Officer, Una dated 23.01.2015, NOC from Gram Panchayat dated 07.02.2008.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before it, observed that there is inconsistency in the Form-I and pre-feasibility report and therefore asked the proponent to resubmit correct documents. The project proponents later resubmitted the revised Form-I with pre feasibility report as per observations of SEAC.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The Project Proponent shall resubmit the details of assured water supply source. The Project Proponent shall submit the report regarding the water level of the well for three seasons.
- The Project Proponent shall resubmit the revised certificate from mining department.
- The Buffer Zone map shall be leveled with all the legends.
- The Project Proponent shall submit the revised EMP with component wise details with cost implications including recurring and non recurring costs.
- The Project Proponent shall submit an undertaking for building a toilet in a nearby school Johslo as a part of CSR activity.

In compliance to the above conditions the project proponent has submitted the following documents:

- Details of assured water supply source and undertaking regarding water level of the well.
- Certificate from mining department regarding other mines within 500 meters.
- Land use map.
- Undertaking for construction of toilet in school i.e. GSSS, Joh, Tehsil Amb and revised EMP cost.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) Project type Mining/Extraction of Stone from hill slope
b) Project Location: Khasra number 172/1 at Mauza Mohal Mungra-Nadhal, Jubbal

e) EMP Cost: Rs. 9.5 Lakhs (Capital Cost) and Rs. 6.2 lakhs (Recurring cost)

The project proponent has submitted the approval letters from different departments like Department of Industries, letter of Intent dated 17.03.2015, approved working-cum-Environment Management Plan dated 06.11.2012, NOC from Gram Panchayat dated 01.11.2010, letter from Mining Officer dated 04.06.2014, clearance of Forest dated 06-07-2013.

The Committee, after deliberating on the information submitted by the project proponent and considering the facts placed before the committee, recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The Project Proponent shall resubmit Form-1 with correct technical details and corrected information on waste generated.
- The project proponent shall make provision of water storage tank of 10KLD and shall submit the details of assured source of water supply.
- The Project Proponent shall clearly indicate the methodology proposed to be adopted for extracting stone from the query site.
- The Project Proponent shall resubmit pre-feasibility report with revised EMP cost with component wise details.

In compliance to the above conditions the project proponent has submitted following documents:
- Form-1 with correct technical details.
- Undertaking mentioning provision of water storage tank of 10KLD and details of assured source of water supply.
- Methodology proposed to be adopted for extracting stone from the query site.
- Pre-feasibility report with EMP cost.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) Project type: Extraction/collection of Stone
b) Project Location: Turka No. 1 Khasra no. 3253
c) Capacity: 16,1364 MT for five years
d) Mining Area: 15 Bighas (Govt. Land)
e) EMP Cost: Rs. 1.90 lakhs (Capital cost) and Rs. 3.30 lakhs/annum (Recurring cost)

The project proponent has submitted NOC letter from DFO-Kullu dated 04.03.2013, renewal of mining lease from Conservator Forests (Central), dated 05.02.2013, letter of Intent from Geological Wing, Industry department dated 23.12.2014, letter from Mining.
Officer, Kullu dated 02.01.2015, NOC from Gram Panchyat dated 06.02.2011, approved mining plan dated 08-05-2014, Joint Inspection report dated 04-06-2014.

The committee, after deliberating on the information submitted by the project proponent and considering the facts placed before it observed that there are inconsistencies in the Form-I and pre-feasibility report and therefore asked the proponent to resubmit the documents. The project proponents later resubmitted the revised Form-I with pre feasibility report as per observations of SEAC.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The project proponent shall submit the revised EMP with component wise details with cost implications recurring and non recurring costs.
- The Project Proponent shall resubmit the details of assured water supply source.
- The Project Proponent shall clearly indicate the methodology proposed to be adopted for extracting stone from the query site.
- The Project Proponent shall submit the detailed list of species proposed to be planted for development of Green belt as part of EMP.
- The Project proponent shall submit an undertaking/ resolution for plantation on the place with Khasra number and to provide the sanitary facility i.e. toilets in nearby school i.e. Govt. Primary School Bhedhu, Gadsa under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted following documents:

- Revised EMP with component wise details with cost implications.
- NOC from panchayat for water supply.
- Undertaking stating methodology proposed to be adopted for extracting stone from the query site.
- List of plant species proposed to be planted in project area.
- Undertaking/ resolution to provide the sanitary facility i.e. toilet in nearby school i.e. Govt. Primary School at Hurla under proposed CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

The project proponent has submitted the Letters of Intent dated 09.04.2014 from Department of Industries, joint inspection report dated 19.06.2012, approved working-cum-
The project proponent has proposed that as the lease area is well confined within the flood protecting embankments, requiring no bank protection measures and no area being available for plantation, so there will be no cost of rehabilitation involved.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The Project Proponent shall submit details of assured supply of water for the project.
- The Project Proponent shall submit an undertaking/resolution to provide the toilets (separate for ladies and gents) in Ispur.
- The Project Proponent shall carry out the plantation on panchayat land with NOC of the panchayat and consent of panchayat, and shall submit a proof of same to the SEIAA.

In compliance to the above conditions the project proponent has submitted following documents:

- The Project Proponent has submitted the details of assured supply of water for the project.
- The Project Proponent has submitted an undertaking/resolution to provide the toilets (separate for ladies and gents) in Ispur.
- The Project Proponent has submitted the undertaking to carry out the plantation on panchayat land with NOC of the panchayat and consent of panchayat.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

| a) | Project type | Extraction/collection of Stone |
| b) | Project Location | Khasra Nos. 3253, Turka no. 3 at Mauza Mohal Kot Kandi, Diyar |
| c) | Capacity | 10,000 TPA |
| d) | Mining Area | 5 Bighas (Govt. land) |
| e) | EMP Cost | Rs. 2.00 lakhs (Capital Cost) and Rs. 3.35 lakhs/annum (Recurring cost) |

The project proponent has submitted the letter of Intent, from Industries department dated 23.12.2014, letter from Conservator of Forest (Central) dated 11-04-2013, letter from DFO-Wild Life Division Kullu dated 04.03.2013, letter from Mining Officer-Kullu dated 02.01.2015, NOC from Gram Panchayat dated 06.02.2011, approved mine plan dated 05.05.2014.
The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The Project Proponent shall re-submit pre feasibility report with amended/ correct information.
- The Project Proponent shall submit the revised EMP with component wise details with cost implications recurring as well as non recurring.
- The Project Proponent shall clearly indicate the methodology proposed to be adopted for extracting stone from the query site.
- The Project Proponent shall submit an undertaking/ resolution for undertaking plantation on the place with khasra number and to provide the sanitary facility i.e. toilets in nearby school i.e. Govt. Primary School Bhedhu, Gadsa under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted following documents:

- Pre-feasibility report.
- Revised EMP with component wise details with cost implications.
- Undertaking stating methodology proposed to be adopted for extracting stone from the query site.
- List of plant species suitable for project cite area.
- Undertaking/ resolution to provide the sanitary facility i.e. toilets in nearby school i.e. Govt. Primary School Bhedu farm, Gadsa & repair kuhal near Hurla village under proposed CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

The proposal was taken up by the SEAC in its 36th meeting. The proponent was advised to submit documentary evidence w.r.t. all drawing plans showing contours w.r.t. location of mining area, protection measures with all physical features, lay out plan of all roads involved, photographs/videography to be submitted for whole of the mining area, Environment Management Plan. The same has been submitted by the project proponent.
The project proponent has submitted the renewal of mining lease from Department of Industries-geological wing dated 01.04.2010. The project proponent has given the capital cost & recurring cost as Rs. 11.5 lakhs & Rs. 5.7 lakhs respectively.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The Project Proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. three toilets in Kamroo, Chiknal & Khajiar panchayat under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the affidavit to comply with the observation of SEAC.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

| a | Project type | River bed mining/collection of Sand, Stone and Bajri |
| b | Project Location | Khasra No. 646 at Mohal-Bari, Mauza-Dhaned, Tehsil & District- Hamirpur |
| c | Capacity | 14,400 TPA |
| d | Mining Area | 1-74-85 hectares |
| e | EMP Cost | Rs. 8.0 lakhs (Capital Cost) and Rs. 3.85 (Recurring cost) |

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

The proponent has submitted the renewal of mining lease letter dated 17.09.2010 from Department of Industries, letter from DFO-Hamirpur, joint inspection report dated 07.01.2009, proceeding of Environmental Public hearing conducted by H.P. State Pollution Control Board, Shimla dated 21.01.2014, proforma for Environmental appraisal of mining projects dated 29.01.2015, NOC from Gram Panchayat dated 11.01.2012.

The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the minutes of the meeting.

- The Project Proponent shall submit copy of mining lease certificate and copy of letter submitted for renewal of the mining lease.
- The Project Proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilets (separate for boys & girls) in Middle School Bagarti & Badi under proposed CSR activities.
- The Project Proponent shall submit the updated livestock data base.
- The Project Proponent shall submit the corrected rainfall data.

In compliance to the above conditions the project proponent has submitted the following documents:

- Submitted JIR applied for renewal of mining lease.
- Undertaking/ resolution to provide the sanitary facility i.e. Toilets (separate for boys & girls) in Middle School Bagarti & Badi under proposed CSR activities.
- Updated livestock data base.
- Corrected rainfall data.

**After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.**

2.41 Sh. Savitri Thakur, M/s Baba Stone Crusher, V.P.O.-Manlog Kalan, Tehsil-Nalagarh, Solan, Himachal Pradesh.

The project proponent has submitted the working-cum-Environment Management Plan dated 10.03.2014, joint inspection report dated 09.09.2011, NOC from Gram Panchyat dated 05.03.2011, letter from Mining Officer dated 19.03.2014.

The committee after deliberating on the information submitted by the project proponent and taking on record the complaint lodged against the project and considering the facts placed before the committee, committee observed that the case application be recommended for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall submit an undertaking/ resolution to build rain shelter at Jabal and two toilet (separate for girls & boys) in School at Chillad under proposed CSR activities.
- The Project Proponent shall submit the NOC from I&PH Department indicating the distance from the existing water supply/ irrigation schemes located in and around the mining area.

In compliance to the above conditions the project proponent has submitted the following documents:

- Undertaking under CSR activity.
After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) Project type  
   Mining of minor minerals (Stone, Sand & Bajri)

b) Project Location  
   Khasra No. 171/1 at Mauza & Mohal Bari of Tehsil-Indora, Kangra.

c) Capacity  
   24,500 TPA

d) Mining Area  
   2-87-25 hectares

e) EMP Cost  
   Rs. 6.4 Lakhs (Capital Cost) and Rs. 3.56 Lakhs (Recurring Cost)

The proposal was taken up by the SEAC in its 36th meeting. The proponent was advised to submit documentary evidence w.r.t. approved mining plan as per the guidelines issued by the MoEF&CC, Govt. of India and certificate from Mining department that there is no mining lease existing/operational within 500 meters from the periphery of the applicants lease area or if the leases exist within 500 meters of the periphery of applicant’s lease area, the total area of all the leases including that of the applicants does not equal or exceeds 5 hectares. The same has been submitted by the project proponent.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project proponent shall submit the status report of the mining.
- The Project Proponent shall submit copy of mining lease certificate and copy of letter submitted for renewal of the mining lease.
- The Project proponent shall submit an undertaking/resolution to build two toilet (separate for girls & boys) in Schools at Chuharpur and Kursan under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Status report of the mining.
- Clarification on submission of letter for renewal of the mining lease.
- Undertaking/resolution to build two toilet (separate for girls & boys) in nearby Schools at Kursan, GPS under proposed CSR activities.
After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project proponent shall submit the status report of the mining.
- The Project Proponent shall submit copy of mining lease certificate and copy of letter submitted for renewal of the mining lease.
- The Project proponent shall submit an undertaking/resolution to build two toilet (separate for girls & boys) in Schools at Chuharpur, Kursan under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Status report of the mining.
- Clarification on submission of letter for renewal of the mining lease.
- Undertaking/resolution to build two toilet (separate for girls & boys) in nearby Schools at Chuharpur, GPS under proposed CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:
**Project Type**  
River bed mining Stone, Sand & Bajri

**Project Location**  
Khasra number 1002 & 1003 located near village-Kuthan/Jaisinghpur.

**Capacity**  
3,37,500 TPA

**Mining Area**  
22-78-04 hectare

**EMP Cost**  
Rs. 11.9 lakhs (Capital Cost), Rs. 1.7 Lakhs/annum (Recurring Cost) and Rs. 2.90 Lakhs under CSR activity.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall submit a letter from Mining Department w.r.t. the fact that the mining lease has not yet been operational in order to examine the proposal for final disposal by SEIAA in the light of Office Memorandum No.J-11013/41/2006-IA.II (I) Dated 12-12-2012 of MoEF which interalia prescribes the procedure for dealing with cases of violations.
- The Project Proponent shall submit information regarding legal source of water to be utilized in mining activity and revised cost estimates (recurring and non recurring).
- The Project Proponent shall resubmit the Form-1 with correctly filled information.
- The Project Proponent shall prepare and submit Environment Impact Assessment Report with at least four seasons data base and shall prepare and submit the Environment Management Plan accordingly.

In compliance to the above conditions the project proponent has submitted the following documents:

- Letter from mining department.
- Undertaking/Affidavit stating information regarding legal source of water to be utilized in mining activity.
- Duly filled and signed Form-1.
- Undertaking/Affidavit for preparation and submission of EIA report with four seasons database and submit EMP accordingly.

**After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.**

**2.45**  
Sh. Sachin Sood, M/s Himalayan Stone Crusher, Village- Mauza Sanathali Pargna Sarhan, Shimla, H.P.

**Brief outline of the project:**
a) **Project type**

Extraction of minor minerals from hill slope

b) **Project Location**

Khasra number 215/1 in Mauza Sanathali Pargna Sarhan, Tehsil-Rampur, Shimla, H.P.

c) **Capacity**

39,416 MT for 5 years.

d) **Mining Area**

0-93-00 hectare

e) **EMP Cost**

Rs. 12.5 lakhs (Capital Cost) and Rs. 2.2 lakhs/annum (Recurring cost)

The proponent has submitted letter from DFO-Rampur dated 01.07.2013, permanent registration from State Geologist, H.P. dated 10.02.2005, joint inspection report dated 01.11.2010 (photocopy is not clear), renewal of Mining Lease from Govt. of India, dated 30.04.2013, form of mining lease for minor minerals, letter of Intent dated 04.02.2015.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Buffer Zone map shall be leveled with all the legends.
- The Project proponent shall resubmit Form-1 duly signed by the project proponent mentioning that project falls in forest area and with other necessary correction specifically indicated by the committee.
- The Project proponent shall submit an undertaking/resolution to build Toilets (separate for girls and boys) at Sunda High School under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Buffer Zone map.
- Duly filled and signed Form-1
- Undertaking/Affidavit under CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.46 Sh. Praveen Kumar, M/s Mahavir Stone Crusher, Village-Mulana, P.O. Bohni, Tehsil & District, Hamirpur, H.P.

**Brief outline of the project:**

a) **Project type**

Extraction of minor minerals from river bed

b) **Project Location**

Khasra numbers 220/1 & 262 in Mohal Tikka Bhamote, Mauza Mattira of Tehsil & District Hamirpur, HP

c) **Capacity**

20,200 MTA

d) **Mining Area**

4.16 hectare

e) **EMP Cost**

Rs. 9.5 lakhs (Capital Cost) and Rs. 2.2 lakhs/annum (Recurring Cost)

The project was earlier listed in 36th meeting of SEAC, wherein the project proponent was directed to get the public hearing done for the project. The project proponent informed that
they have not submitted any proposal for conducting the public hearing since as per Rule it was not applicable to their project. Therefore, have resubmitted their proposal for seeking a review of the SEAC on the viewpoint of the earlier SEAC.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed it observed that the conducting of public hearing as per provision of EIA Notification is not required in the present case and therefore SEAC appraised the project proposal and accordingly recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall resubmit Form-1 duly signed by the project proponent.
- The Project Proponent shall submit mining plan duly approved by the competent authority.
- Project proponent shall submit an undertaking/ resolution to build sanitation facility for the public with proposed cost under proposed CSR activities.
- The Project Proponent shall submit map of buffer zone with complete reference points (distance from road, school, government structure if any etc).

In compliance to the above conditions the project proponent has submitted the following documents:

- Form-1 duly signed by the project proponent.
- Mining plan duly approved.
- Undertaking/ resolution under CSR activities.
- Map of buffer zone with reference points.

**After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.**

**Brief outline of the project:**

- **Project type**
  - River bed mining of Sand and Bajri
- **Project Location**
  - Khasra Number 2824/2
- **Capacity**
  - 27,100 TPA.
- **Mining Area**
  - 03-38-90 Hectare
- **EMP Cost**
  - Rs. 2,80,000

The proponent has submitted the letter of Intent from Department of Industries dated 03.12.2013, letter from Mining Officer dated 28.02.2014, approved working-cum-Environment Management Plan dated 12.02.2014, joint inspection report dated 04.05.2013,

The committee, after deliberating on the information submitted by the project proponent and considering the facts placed it recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall resubmit Form-1 duly signed by him.
- The Project Proponent shall submit the location plan showing the existing access to the river and the distance of the river from the mining area.
- The Project Proponent shall submit the revised details of manpower for proposed activities.
- The Project Proponent shall submit an undertaking/resolution to build sanitation facility i.e. two Toilets with water facility (separate of girls & boys) in Govt. Primary School Rampur under proposed CSR activities.

After considering the recommendations of SEAC, the authority decided that the case be listed in its next meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

2.48 Sh. Satish Kumar, Village-Balah, P.O. Jhalan, Tehsil-Naduan, District-Hamirpur, Himachal Pradesh.

Brief outline of the project:

a) Project type
   Mining of Sand, Stone and Bajri
b) Project Location
   Khasra number 503/499/1
c) Capacity
   16,150 TPA
d) Mining Area
   1-73-37 hectares

The committee, after deliberating on the information submitted by the project proponent and considering the facts placed it, recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall submit copy of joint inspection report and copy of the renewal of mining lease from Industry Department.
- Project proponent shall submit an undertaking/resolution to build sanitation facility i.e. Toilets with water facility (separate of ladies & gents) in Baloh Panchayat Janj Ghar under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Copy of letter regarding JIR for renewal of mining lease from Industry Department.
Undertaking to provide toilet with water facility (separate of ladies & gents) in Baloh Panchayat Janj Ghar under proposed CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.49 Sh. Ayodhya Lal Sharma, Village Dadhoon, PO. Pansai, Tehsil Nadaun, Distt. Hamirpur, HP.

Brief outline of the project:

- **Project type**: River bed mining of Sand, Stone and Bajri
- **Project Location**: Khasra number 413/15, 415/36 & 416/36 near Mauza Hathol, Nadaun, Hamirpur.
- **Capacity**: 7,400 TPA
- **Mining Area**: 4.3881 hectares

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA with ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.50 Sh. Devinder Kumar, M/s Sada Shiv Stone Crusher, Village & Post Office-Kuhna, Tehsil-Rakker, District-Kangra, Himachal Pradesh.

Brief outline of the project:

- **Project type**: Collection/extraction of Sand, Stone and Bajri from river bed
- **Project Location**: Khasra No. 1566/1 and 1566/2 at Mauza Kaloha, Mohal Kuhna, Kangra, H.P.
- **Capacity**: 38,500 TPA
- **Mining Area**: 4.2994 hectares
- **EMP Cost**: Rs. 7.0 lakhs (Capital Cost) and Rs. 1.60 lakhs (Recurring cost)

The proponent has submitted Grant of mining lease order dated 27/9/2012 from Department of Industries dated 27.09.2012, joint inspection report dated 08.03.2011, approved working-cum-Environment Management Plan dated 05.10.2013, letter from Mining Officer, Kangra dated 12.03.2014, NOC from Gram Panchayat dated 16.03.2015.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee, recommended the case application for
consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall resubmit duly signed Form-I and Para in 8.3 figure to be corrected in pre-feasibility report.
- The Project Proponent shall resubmit information on legal source of water.
- An undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School i.e. at Kkuhna & tree plantation at Kkuhna Panchayat under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- Form-1 and pre-feasibility report duly corrected & signed by the project proponent.
- NOC from panchayat w.r.t. drawing of water from panchayat khad.
- Undertaking/ resolution under CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

   - 4-50-20 hectares (Private land)

e) **EMP Cost**
   - Rs. 10.5 Lakhs (Capital Cost) and Rs. 2.2 Lakhs/annum (Recurring Cost)

The proponent has submitted grant of mining lease from the Department of Industries dated 29.04.2011, permanent registration letter dated 26.04.2012, letter from DFO-Nurpur dated 15.03.2013, approved working-cum-Environment Management Plan dated 08.05.2013.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in nearest located Government School Bari Khad Govt. Primary School under proposed CSR activities.
- The Project Proponent shall submit the details of legal source of water supply.
- The Project Proponent shall re-submit Form-1 with correct information as indicated by the committee.
- The reporting regarding the sale of silt and clay needs to be clarified.
- The Project Proponent shall give number of trucks deployed on site and No. of trips involved per day at project site for evacuation of the material.

In compliance to the above conditions the project proponent has submitted the following documents:

- Copy of affidavit/undertaking to provide the sanitary facility i.e. Toilet in nearest located Government School Bari Khad Govt. Primary School.
- Copy of letter stating details of legal source of water supply.
- Copy of duly re-filled Form-1.
- Copy of letter stating 5-6 trips/day will be involved at project site by 2-3 number of trucks.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

The proponent has submitted copy of lease deed, letter from Mining Officer dated 28.01.2014, NOC Gram Panchayat, letter from DFO dated 31.01.2014.

The committee after deliberating on the information submitted by the project proponent viz-a-viz the decision of the SEIAA w.r.t. concentration of mining activities in Chakki river that the lease applications of Environmental clearance in Chakki & its Tributaries in the areas 1 KM upstream of bridge on Mandi-Pathankot NH and 3KMs D/s of Railway bridge on Pathankot-Jallandher section shall be dealt with one level i.e. at the level of MoEF&CC, Gol and considering the facts placed before the committee and verbal explanations given...
by the proponent on distance of project site w.r.t. above decision of SEIAA recommended
the case application for consideration of project for grant of environmental clearance by the
SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific
Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B
of the minutes.

- The Project Proponent shall submit Certificate from PWD regarding exact
distance of project site from upstream of bridge on Mandi-Pathankot NH and
D/s of Railway bridge on Pathankot-Jallandher section.
- The Project Proponent shall submit an undertaking/ resolution to provide the toilet
with water facility at Khanni (Upparli) Panchayat Bhawan under proposed CSR
activities.
- The Project Proponent shall resubmit EMP cost.
- The Project Proponent shall submit number of vehicles used in mining at project
site.
- The Project Proponent shall submit the legal source of water supply

After considering the recommendations of SEAC, the authority decided that the case
be listed in its next meeting of SEIAA upon prior compliance to the observations of
SEAC by the project proponent.

2.55 Sh. Anil Trehan, M/s Saini Stone Crusher, Mauza/Mohal Mohtali, Tehsil-Indora,
District-Kangra, Himachal Pradesh.

Brief outline of the project:

a) Project type Terrace land mining of Sand, Stone and Bajri
b) Project Location Khasra number 1164/1, 1168, 1170/1 at Mauza/Mohal
Mohtali, Indora, Kangra, H.P.
c) Capacity 24,420 TPA
d) Mining Area 4-67-00 hectare (Private Land)
e) EMP Cost Rs. 8.0 lakhs (Capital Cost) and Rs. 1.0 lakhs/annum
(Recurring Cost)

The proponent has submitted grant of mining lease dated 29.11.2010, letter from DFO
dated 15.03.2013, approved working- cum- Environment Management Plan dated
28.05.2013.

The committee after deliberating on the information submitted by the project proponent and
considering the facts placed before the committee recommended the case application for
consideration of project for grant of environmental clearance by the SEIAA, subject to
prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at
Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall submit an undertaking/ resolution to provide Toilet
(separated ladies & gents) Majra Government Middle School under proposed CSR
activities.
- The Project Proponent shall correct information as indicated by the committee in
pre-feasibility report and Form-1 and resubmit.
- The Project Proponent shall correct the data w.r.t. Land Environment and
corrections in production capacity.
- The Project Proponent shall submit the component wise detailed summary of EMP
with cost implication of recurring and non recurring costs.

(Proceedings of 21st SEIAA Meeting) Page 50/55
In compliance to the above conditions the project proponent has submitted the following documents:
- Undertaking/ resolution to provide Toilet (separated ladies & gents) Majra Government Middle School.
- Correct data w.r.t. Land Environment and corrections in production capacity.
- Detailed summary of EMP

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.56 M/s Jagdambay Stone Crusher and Screening Plant, Village & Post-Gondpur, Jaichand (Nichla), Tehsil-Haroli, District-Una, H.P.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended the case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The project proponent shall submit an undertaking/ resolution to provide water cooler in Govt. School Singha under proposed CSR activities.
- Project proponent shall correct information as indicated by the committee e.g. correct coordinates (Lat/Long.) and free sale of sand in pre-feasibility report and resubmit.
- The project proponent shall submit baseline data w.r.t ground water level of well from where water is to be taken.
- The Project Proponent shall provide the green belt along the haul road.

In compliance to the above conditions the project proponent has submitted the following documents:
- Undertaking/ resolution to provide water cooler in Govt. School Singa under proposed CSR activities.
- Pre-feasibility report with corrected information.
- Baseline data w.r.t ground water level of well.
- Undertaking stating list of plant species to be planted.
After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.57 M/s Jai Ganesh Stone Crusher, VPO-Kalruhu, District-Una, Himachal Pradesh.

Brief outline of the project:

a) Project type: Mining of miner minerals (Sand, Stone & Bajri)
b) Project Location: Khasra number 509, 510, 511, 512, 513 & 731
c) Capacity: 17,400 TPA
d) Mining Area: 4.3929 hectare (Private Land).
e) EMP Cost: Rs. 7.0 Lakhs (Capital Cost) and Rs. 4.20 Lakhs/annum (Recurring Cost).

The proponent has submitted supplementary deed, affidavit, letter from Mining Officer dated 18.02.2015, NOC from Gram Panchayat dated 15.08.2013.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended the case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The project proponent shall submit an undertaking/ resolution to provide toilet (separate for ladies and gents) with water facility for village community at Kalruhi under proposed CSR activities.
- Project proponent shall correct information as indicated by the committee in pre-feasibility report and resubmit.
- Project proponent shall resubmit EMP cost.
- The project proponent shall submit baseline data w.r.t. ground water level of well from where water is to be taken.
- The Project Proponent shall submit the copy of approved Environment-cum-working Plan along with approved letter.

In compliance to the above conditions the project proponent has submitted the following documents:

- Undertaking/ resolution to provide toilet (separate for ladies and gents) with water facility for village community at Kalruhi under proposed CSR activities.
- Pre-feasibility report.
- Revised EMP cost.
- NOC from panchayat regarding depth of ground water level of well from where water is to be taken.
- Copy of approved Environment-cum-working Plan along with approved letter.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.
2.58 M/s Him Chemicals & Works, Unit-II, Village & Post Office- Bathu, Tehsil-Haroli, District-Una, H.P.

Brief outline of the project:

a) Project type: Extraction of Sand, Stone & Bajri from hill slope
b) Project Location: Khasra No. 1115/1 at Mauza Bathri, Tehsil-Haroli, Una.
c) Capacity: 1,725 TPA
d) Mining Area: 1.0791 hectares
e) EMP Cost: Rs. 5.0 lakhs (Capital Cost) and Rs. 2.0 Lakhs (Recurring Cost)

The proponent has submitted letter for grant of mining lease from State Geologist dated 07.10.2010, joint inspection report dated 05.05.2010, approved working-cum-Environment Management Plan dated 25.07.2012, letter from DFO-Una dated 06.02.2015, letter from Mining Officer, Una dated 06.02.2015, NOC from Gram Panchayat dated 17.02.2010.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee, recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

- The Project Proponent shall submit an undertaking/ resolution to provide one rain shelter at Bathri bus stand & plantation in nearby Panchayat under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:
- Undertaking/ resolution under CSR activity.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

Brief outline of the project:

a) Project type: Extraction of Sand, Stone & Bajri from hill slope
b) Project Location: Khasra number 98 & 98/1
c) Capacity: 2,525 TPA
d) Mining Area: 45.13 kanal /2.63085 Hectares (hill slope-31.02 Kanal & river bed-14.11 Kanal)

The proponent has submitted certificate from DFO, Hamirpur, joint inspection report dated 05.03.2010, copy of grant of mining lease dated 09.06.2010.

The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the minutes.

(Proceedings of 21st SEIAA Meeting) Page 53/55
The Project Proponent shall submit the copy of letter of intent.

The Project Proponent shall submit the revised EMP with cost implications (recurring/ non-recurring).

The Project Proponent shall submit an undertaking/resolution to provide one Gaushala in gram Panchayat (provide name) with facility of water under proposed CSR activities.

In compliance to the above conditions the project proponent has submitted the following documents:

- The Project Proponent has submitted the copy of letter of intent.
- The Project Proponent has submitted the revised EMP with cost implications (recurring/ non-recurring).
- The Project Proponent has submitted an undertaking/resolution to provide one Gaushala in gram Panchayat (provide name) with facility of water under proposed CSR activities.

After considering the recommendations of SEAC, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC.

2.60 M/s General Manager, Jakhu Ropeway Project, Near US Club, Shimla-1, Himachal Pradesh.

The case was listed in 37th meeting of SEAC vide item no. 3.26. The project proponent has represented against the observation of the SEAC stating that the SEAC may relook at the case in the light of orders of Hon’ble High Court Himachal Pradesh. The proponents were given an opportunity to appear before the SEAC in 38th SEAC meeting on 17-03-2015.

The SEAC after hearing the proponent and after perusal of records including direction by Ministry of Environment & Forests, GoI and orders of Hon’ble High Court concluded that the present case does not come within its purview and therefore, the case may please be disposed of accordingly.

After considering the observations/conclusion of SEAC, the SEIAA decided to inform the Ministry of Environment & Forest & Climate Change, Govt. of India accordingly in view of directions issued from time to time besides orders of Hon’ble High Court Himachal Pradesh.

ITEM NO. 3:

Correction in Grant of Environmental Clearance Letter

The Authority (SEIAA) in its 20th meeting approved the grant of Environment Clearance in favour of the project proponents on the recommendation and with terms and conditions as has been imposed by the SEAC in its 36th meeting held on 25th & 26th February, 2014.

Environment Clearance in favour of the project proponent was issued vide letter No. HPSEIAA/2013/221-M/s Akhilesh Enterprises- 2954 dated 29/1/2015 with the project for mining of sand, stone & bajri with proposed production of 13,800 TPA.
Industries department vide letter No. Udyog-Bhu(Khani-4)Laghu-844/2005-11617 dated 19/2/2015 has requested the Authority (SEIAA) to issue EC for the project capacity in consonance to the Working cum Management Plan approved on 26/2/2014 which is shown as 36,100 MTPA (in first year) and at the ending year, i.e. 5th Year the proposed production as 40,400 MTPA.

After due diligence the SEIAA approved the issuance of the corrigendum as per approved mining plan and letter from Industries Department, GoHP.

3.2 M/s. Krishna Stone Crusher, Village-Tatehra, P.O. Oel, Tehsil-Amb, District-Una, H.P. at Mauza Tatehra, Una, H.P. w.r.t. capacity of production of the unit in accordance with the letter of intent/Grant letter.

The SEAC in its 38th Meeting considered the request letter of the project proponent dated 11.03.2015 for necessary amendments in Environmental clearance letter HPSEIAA/2013/219-M/s Krishna Stone Crusher-2802 dated 22.01.2015 w.r.t. project capacity per annum i.e. 33,390 TPA in place of 350 TPD. The SEAC approved necessary amendment in the project capacity and recommended that the SEIAA may issue the corrigendum w.r.t. same.

After due diligence the SEIAA approved the issuance of the Corrigendum accordingly.

The meeting ended with Vote of Thanks to and from the Chair.
