No. SEIAA/22\textsuperscript{nd} Meeting/2015-

Dated: 24/7/2015

**PROCEEDINGS OF 22\textsuperscript{nd} MEETING OF THE STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY**

The 22\textsuperscript{nd} Meeting of the State level Environment Impact Assessment Authority (SEIAA) was held in the Conference Hall of office of the Director, NIT, Hamirpur, Himachal Pradesh on 21\textsuperscript{st} July, 2015 at 12:30 P.M.

**DELIBERATIONS AND DECISIONS OF SEIAA AS PER AGENDA ITEMS:**

**ITEM NO. 1:**

The Authority discussed the Minutes of 21\textsuperscript{st} Meeting of SEIAA held on 9.4.2015 and confirmed the Minutes.

**ITEM NO. 2:**

Consideration of the projects for grant of Environment Clearance as recommended by the State Level Expert Appraisal Committee (SEAC) in its 32\textsuperscript{nd} Meeting held on dated 25\textsuperscript{th} October 2013, 37\textsuperscript{th} Meetings held on dated 12-13\textsuperscript{th} February 2015, 38\textsuperscript{th} Meetings held on dated 17-19\textsuperscript{th} March 2015 and 39\textsuperscript{th} Meetings held on dated 26-28\textsuperscript{th} May 2015.

*Brief outline of the project:*

The case was listed in 37\textsuperscript{th} Meeting of SEAC. The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the Minutes of the Meeting.

- The project proponent shall submit the copy of letter of intent issued by the competent authority.
- The project proponent shall submit L and X cross sections depicting the bed level of river bank at 50 meter intervals.
Submit the list of plant species which are native to the area and are fast growing.

To submit the certificate from concerned authority to the effect that there is no significant structure located nearby to the project site so as to ensure that the same is not affected by the activities of the project.

To submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary.

To create provision of civic amenities, sanitary facilities such as toilet and temporary shed for the workers.

The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of Mining lease issued by Deptt. of Industries on dated 13/4/2010 for the period of 5 years.
- L and X cross sections.
- List of plant species which are native to the area and are fast growing.
- Certificate from EE, PWD to the effect that there is no significant structure located nearby to the project site.
- Digital map of Land use of proposed site covering the minimum of 5 KM radius.
- Resolution to provide sanitary facilities (toilet & urinal) at GPS Behral, PO Bata Mandi, Paonta Sahib, Sirmour.
- Affidavit/ Undertaking to build toilet for labourers and employees and water supply for the aforesaid purpose and drinking purpose will be provided by Sh. Manjeet Singh who is having a tube well in village Behral, PO Batamandi, Paonta Sahib, Sirmour.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

2.2 Sh. Rajesh Sharma, S/o Sh. Tulsi Ram, Village-Naya, PO. Shillai, Tehsil-Shillai, Distt. Sirmour, HP:

c) Capacity  
25,000 TPA.

d) Mining Area  
34-04 Bighas (3 Hectares).

e) EMP Cost  
Rs. 6.5 Lakhs (Capital Cost), Rs. 1.3 Lakhs (Recurring Cost) and Rs. 1.00 Lakhs under CSR activity for 5 years.

The case was listed in 37th Meeting of SEAC. The SEAC after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the Minutes of the Meeting.

- The project proponent shall include in the proposal a plan to develop water recharging pits for rain water harvesting and submit the plan to SEIAA.
- To submit a certificate from concerned authority i.e. PWD to the effect that there is no significant structure located nearby the project site so as to ensure that the same is not affected by the activities of the project.
- To submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case it is relevant.
- To create provision of civic amenities, sanitary facilities such as toilet and temporary shed for the workers.
- The project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/Dispensary/Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/Dispensary/Panchayat Ghar under proposed CSR activities.
- The project proponent shall resubmit the feasibility report by amending the same w.r.t. following aspects:
  - Benches by 6x6 instead of 6x4.
  - Corrections at page no. 40, 45 and 46 as suggested by the SEAC during the Meeting.
- The PP shall give an undertaking to the effect that the wild life sanctuary shall not be disturbed by the workers deployed in the project.
- The PP shall submit the correct information w.r.t. actual number of workers to be deployed in project.
- Provide a copy of letter of mining lease certificate.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of cross section of rain water recharging pit plan.
- NOC from PWD with the condition that there should be no damage/hindrance to departmental existing road in any manner.
- Project proponent has submitted Google Map of proposed site.
- Undertaking to provide sanitary facility i.e. toilet in Govt. Elementary School and Gram Panchayat, Naya and that the wild life sanctuary shall not be disturbed by the workers deployed in the project.
- Pre-feasibility report with desired amendments.
- Copy of letter of intent issued by Industries Deptt. on dated 8/11/2013 for the period of one year.
After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Brief outline of the project:

a) Project type
b) Project Location
Khasra no. 326 & 328 Mauza & Mohal Khola, Tehsil Kotkhai, Distt. Shimla, H.P.
c) Capacity
8200 TPA.
d) Mining Area
1-12-11 hectare (Private land).
e) EMP Cost

The SEAC in its 20th meeting dated 22nd August 2012 issued the ToR's for the project proponent, which as on date are not valid, so project proponent has applied a fresh.

The case was listed in 37th Meeting of SEAC. The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the Minutes of the Meeting.

- Project proponent shall submit a copy of letter of intent issued by the competent authority.
- Project proponent shall submit cross sections at 50 meter intervals.
- Submit a list of plant species which are native to the area and are fast growing.
- Submit a digital map of Land use of proposed site covering a minimum of 5 KM radius besides the State Boundary in case it is relevant.
- Project proponent shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
- Project proponent shall submit a legible copy of approved mining plan.
- Project proponent shall resubmit the Form-1 with complete information.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:
Copy of mining lease letter issued by Deptt. of Industries in 2009 for the period of 15 years.
- Copy of Working-cum-Environment Management Plan.
- List of plant species which are native to the area and are fast growing.
- Copy of undertaking to construct toilet for girls and boys of GHS Ramnagar, Gram Panchayat Ram Nagar, Tehsil Kotkhai, Shimla, H.P.
- Copy of revised Form-1.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

2.4 M/s Time Builder Stone Crusher, Sh. Gian Chand, Mauza Dhaliara Mohal Bharwara, Tehsil-Dehra, District-Kangra, Himachal Pradesh.

Brief outline of the project:

a) Project type: River-bed mining of Sand, Stone & Bajri.
b) Project Location: Khasra number 363/1 at Mauza Dhaliara & Mohal Bharwar, District-Kangra, Himachal Pradesh.
c) Capacity: 23,200 TPA.
d) Mining Area: 4-94-52 hectares (Govt. Land).
e) EMP Cost: Rs. 10.3 Lakhs (Capital Cost) and Rs. 4.1 Lakhs (Recurring Cost)

The case was listed in 38th Meeting of SEAC. The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the Minutes of the Meeting.

- The project proponent shall resubmit the Form-1 after correction in information (ref. 2.6 sr. no.)
- The project proponent shall resubmit the Map clearly showing the observation of joint inspection report w.r.t. laying of water supply scheme pipe line through the mining site as to show that the same shall not be disturbed by mining activities.
- The project proponent shall submit the details on legal source of water supply. The NOC from panchayat for use of water from nearby source if any shall be submitted.
- The copy of Letter of Intent from competent authority.
- Letter from Industry department regarding approved working-cum-Environment Management Plan.
- An undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly
mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

- The project proponent shall ensure that the information supplied w.r.t. toposheets, longitude, latitude are corrected.
- The livestock data presented is of 1997 and may be updated from latest surveys.
- The pictures supplied w.r.t. plantation in the areas observed to be of Lantana and visor cannabis, which requires clarifications.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of revised Form-1.
- Map showing the observation of joint inspection report w.r.t. laying of water supply scheme pipe line through the mining site.
- NOC from panchayat for use of water from nearby source.
- Copy of mining lease issued by DoI on dated 8/12/2011 for the period of 5 years.
- Copy of letter from Industry department regarding approved working-cum-Environment Management Plan.
- Affidavit/ undertaking to construct toilet near the office of Gram Panchayat Dhiliara, Kangra, HP.
- Copy of toposheet with correct information about location of project site.
- Latest livestock data.
- Clarification on the pictures supplied has been provided.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Hon'ble National Green Tribunal has passed an order on dated 04.02.2015 wherein it has been directed that the SEIAA has to dispose the above said application for grant of Environment Clearance within one week from date of filing of the application.

The SEIAA received the application from the project proponent on 27th January, 2015 and circulated the same to all SEAC members on 6th February, 2015 w.r.t. the Hon'ble NGT decision.

The case was listed in 38th Meeting of SEAC. The committee after deliberating on the orders of the Hon'ble NGT as stated above observed that the time involved in processing of the application has been notified by the Ministry of Environment, Government of India and any change in process does not fall in the purview of SEAC. However, on information submitted by the project proponent and considering the facts placed before the committee appraised the proposal and recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the Minutes.

- The project proponent shall resubmit the Form-I after necessary corrections as has been observed by the SEAC.
- The project proponent shall submit the data on water discharge during lean period & ground water level of area.
- The project proponent shall submit the map clearly indicating the reference.
- The project proponent shall submit provide muck dumping sites with Khasra number.
- The project proponent shall submit details of legal source of water supply. The NOC from panchayat for use of water from nearby source if any.
- The project proponent shall submit the list of plant species which are endemic to the area and are fast growing from competent authority.
- The project proponent shall submit an undertaking/ resolution to provide the Toilet facility at Primary School Plassi Kalan under proposed CSR activities.
- Project proponent shall allow through fare on the road passing through his land and ensure that mining on both sides of road does not block the fleet passage.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Revised Form-I with necessary corrections.
- Data on water discharge during lean period & ground water level of area.
- Maps clearly indicating the references.
- Copy of affidavit indicating legal source of water.
- Resolution to provide toilet facility at Primary School Plassi Kalan under proposed CSR activities.
- Affidavit mentioning muck dumping site.
- List of plant species which are endemic to the area and are fast growing from RO, Nalagarh Forest Range.
- Affidavit regarding allow through fare on the road passing through his land and ensure that mining on both sides of road does not block the fleet passage.
After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent. The Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Brief outline of the project:

a) Project type: Collection/Extraction of Sand, Stone & Bajri.
b) Project Location: Khasra Number 1/1, Mauza Nagrota Suriyan, Mohal Basa, Tehsil Jawali, Kangra, HP.
c) Capacity: 47,250 TPA.
d) Mining Area: 04-93-68 Hectares (Govt. Land).
e) EMP Cost: Rs 4,50,000 under EMP and Rs. 80,000 under CSR.

The case was listed in 38th Meeting of SEAC. The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the Minutes of the Meeting.

- The project proponent shall submit details of legal source of water supply. The NOC from panchayat for use of water from nearby source if any.
- Provide Data w.r.t. groundwater level in and around the project site.
- Provide muck dumping sites with Khasra number.
- The project proponent shall submit an undertaking to organize plantation activity with active participation of children of nearby school and also shall provide a toilet in a nearest located Government School i.e. Bassa School Primary School under proposed CSR activities.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of NOC from Panchayat regarding legal source of water.
- Data w.r.t. groundwater level.
- Affidavit regarding muck dumping sites with Khasra number.
- Affidavit/undertaking to construct toilet in GPS Bassa, Nagrota Suriyan.
- Letter of mining lease issued by DoI was issued on dated 16/1/2012 for the period of 5 years w.e.f. 27/2/2009.
After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent. The Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Brief outline of the project:

a) **Project type**
   - Mining of Sand, Stone & Bajri.

b) **Project Location**
   - Khasra Number 2, Mauza Palakwah, Tehsil Haroli, Distt. Una, H.P.

c) **Capacity**
   - 36,450 TPA.

d) **Mining Area**
   - 4-04-04 Hectares (Govt. Land).

e) **EMP Cost**
   - Rs 4,25,000 under EMP and Rs. 70,000 under CSR.

The case was listed in 38th Meeting of SEAC. The Committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions besides along with Specific and General Conditions annexed at Annexure-A & B of the Minutes of the Meeting.

- The project proponent shall submit details of legal source of water supply. The NOC from panchayat for use of water from nearby source if any.
- To provide information regarding Muck dumping sites with Khasra number.
- Shall submit an undertaking/resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance of the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- NOC from gram Panchayat.
- Affidavit regarding muck dumping site.
- Resolution regarding construction of toilet at Rajiv Bhawan, Palakwah Panchayat Ghar, Haroli, Una, HP.
- Copy of extension of validity of letter of intent issued by Geological Wing, DoI on dated 9/7/15.
After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent. The Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respects the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Brief outline of the project:

| a) Project type         | River bed mining of Sand and Bajri. |
| b) Project Location    | Khasra Number 2824/2, Mauza & Mohal Sainsowal, Tehsil Haroli, Una, H.P. |
| c) Capacity            | 27,100 TPA. |
| d) Mining Area         | 03-38-90 Hectare (Pvt. Land). |
| e) EMP Cost            | Rs. 2,80,000 (capital cost including recurring cost). |

The case was listed in 38th Meeting of SEAC. The committee, after deliberating on the information submitted by the project proponent and considering the facts placed it recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the Minutes.

- The Project Proponent shall resubmit Form-I duly signed by him.
- The Project Proponent shall submit the location plan showing the existing access to the river and the distance of the river from the mining area.
- The Project Proponent shall submit the revised details of manpower for proposed activities.
- The Project Proponent shall submit an undertaking/resolution to build sanitation facility i.e. two Toilets with water facility (separate of girls & boys) in Govt. Primary School Rampur under proposed CSR activities.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Form-I duly signed by project proponent.
- Location plan showing the existing access to the river and the distance of the river from the mining area.
- Revised details of manpower for proposed activities.
- Affidavit to built two toilets (separate for boys & girls) in GMS Rampur.
- LOI issued by DoI on 3/12/2013.
After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent. The Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

M/s Lakhwinder Singh, S/o Jagmail Singh, HIG-824, Phase-II, Mohali, Punjab
(Mining location at Mauza & Mohal Kungrat, Tehsil Haroli, Distt. Una, H.P.)

Brief outline of the project:

a) Project type
   Mining of Sand, Stone and Bajri.

b) Project Location
   Khasra number 546, 547,548 & 549, Mauza & Mohal Kungrat, Tehsil Haroli, Distt. Una, H.P.

c) Capacity
   2,50,000 TPA.

d) Mining Area
   4-17-79 Hectares (Private land, Hill slope).

e) EMP cost
   Rs. 4.55 Lakhs (Capital Cost), Rs. 0.48 lakhs (Recurring cost).

The case was listed in 38th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended the case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the Minutes.

- The Project proponent shall correct information as indicated by the committee in pre-feasibility report e.g. correct coordinates of project site etc.
- The Project proponent shall submit NOC from concerned Gram panchayat for use of water from nearby source if any and date of NOC issued.
- The Project Proponent shall submit an undertaking/ resolution to provide the rain shelter at Laluwal under proposed CSR activities.
- The Project Proponent shall resubmit EMP cost.
- The Project Proponent shall submit the approved copy of the Environment-cum-Working Plan.
- The Project Proponent shall submit the copy of the Letter of Intent from Mining Department.
- The Project Proponent shall indicate the exact latitude and longitudes of the site.

The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Revised pre-feasibility report.
- NOC from concerned Gram Panchayat regarding legal water source.
After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

2.10 Sh. Ranvir Singh, New Shiva Stone Crusher, Village & PO Kandwal, Kangra, H.P.

Brief outline of the project:

a) Project type
   River bed mining of Sand, Stone and Bajri.

b) Project Location
   Khasra number 700 & 731/2/2 Mohal Maira Doomal, Mauja Maira Bhatrah, Tehsil Nurpur, Kangra, H.P.

c) Capacity
   47,200 TPA.

d) Mining Area
   4-97-93 Hectare.

e) EMP cost
   Rs. 6.00 lakhs (Capital Cost), Rs. 3.70 lakhs (Recurring Cost) and Rs. 1.50 lakhs under CSR activities.

The case was listed in 38th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent viz-a-viz the decision of the SEIAA w.r.t. concentration of mining activities in Chakki river that the lease applications of Environmental clearance in Chakki & its Tributaries in the areas 1 KM upstream of bridge on Mandi-Pathankot NH and 3KMs D/s of Railway bridge on Pathankot-Jallandher section shall be dealt with one level i.e. at the level of MoEF&CC, GoI and considering the facts placed before the committee and verbal explanations given by the proponent on distance of project site w.r.t. above decision of SEIAA recommended the case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B of the Minutes.

- The Project Proponent shall submit Certificate from PWD regarding exact distance of project site from upstream of bridge on Mandi-Pathankot NH and D/s of Railway bridge on Pathankot-Jallandher section.
- The Project Proponent shall submit an undertaking/resolution to provide the toilet with water facility at Khanni (Upparli) Panchayat Bhawan under proposed CSR activities.
- The Project Proponent shall resubmit EMP cost.
- The Project Proponent shall submit number of vehicles used in mining at project site.
- The Project Proponent shall submit the legal source of water supply.
The case was listed in 21st Meeting of SEIAA and authority after considering the recommendations of SEAC decided that the case be listed in its next Meeting of SEIAA upon prior compliance to the observations of SEAC by the project proponent.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Certificate from Asstt. Engineer, PWD, Sub-division Nurpur mentioning distance of mining site is 5.200 Kms U/s from Chakki Khad Bridge.
- Revised EMP cost.
- Affidavit regarding number of vehicles used in mining at project site.
- Affidavit to provide the toilet (separate for boys & girls) with water facility at Village Khanni (Upparli) Panchayat Bhawan under proposed CSR activities.
- NOC from Panchayat regarding use of water from Panchayat area.
- Certificate from Mining Officer mentioning that there are 7 number of mining leases within the radius of 500 meters.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

2.11 Sh. Ashok Thakur, Village-Thund (Panjholi), Post Office-Satlai, Tehsil-Junga, District Shimla, H.P. 171012

Brief outline of the project:

- **a)** Project type: Extraction of Stone.
- **b)** Project Location: Khasra number 514/1 at Mauza Mohal Thund, Panjholi, Junga, Shimla.
- **c)** Capacity: 22,000 TPA.
- **d)** Mining Area: 1-36-55 hectare (Private Land).
- **e)** EMP cost: Rs. 0.80 lakhs (Capital Cost), Rs. 0.90 lakhs (Recurring cost) and Rs. 1.00 Lakhs and Rs. 5000 (as Capital & Recurring Cost) under CSR activity.

The proposal was listed in 37th Meeting of SEAC and the project proponent has complied with all conditions imposed by the Committee.

The case was again listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B and subject to compliance to the following special condition:
- The project proponent shall provide toilet facility in Govt. Primary School Neen as per affidavit submitted.

- **Condition to be fulfilled prior to case listed before SEIAA:**

  - The project proponent shall submit component wise EMP cost with capital and recurring cost.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

  - Revised EMP cost.
  - Extension of letter of intent issued by DoI for the period of one year w.e.f. 22/6/2015.

**After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.**

**Brief outline of the project:**

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**

  - The project proponent shall submit revised EMP with component wise capital and recurring costs.
  - The project proponent shall submit videography of the site.
  - The Project proponent shall submit map showing distance of mining site from nearby house shown in the photograph during the appraisal.
- The project proponent shall submit Land use map of proposed site covering the minimum of 5 KM radius with proper referencing and legends.
- The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Revised EMP with component wise -capital and recurring costs.
- CD containing videography & photographs of the site.
- Certificate of Gram Panchayat & distance on google map mentioning distance i.e. 80 meters of mining site from nearby house.
- Land use map of proposed site covering the minimum of 5 KM radius with proper referencing and legends.
- Affidavit to construct the toilets in the GSSS, Kandaur, Distt. Bilaspur, HP.

After deliberation, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- The project proponent shall provide toilet facility in Government Primary School, Mehra under proposed CSR activities.

Condition to be fulfilled prior to case listed before SEIAA:
The project proponent shall submit the list of plant species which are native to the area and are fast growing from competent authority.

- The project proponent shall provide muck dumping sites with Khasra number.
- The project proponent shall submit details of legitimate source of water supply. The NOC from panchayat for use of water from nearby source if any.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Affidavit indicating list of plant species which are native to the area and are fast growing.
- Affidavit indicating muck dumping sites with Khasra number.
- Affidavit indicating supply of water from nearby village through tanker.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent. The Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

2.14 Sh. Hemender Chandel, Village-Pawan Kunj, P.O. Brahmaa, Tehsil-Kandaghat, District-Solan, H.P.

Brief outline of the project:

a) Project type
b) Project Location
   Extraction of Stone.
   Khasra numbers 589/1 at Mauza & Mohal Neri of Kandaghat, Solan, Himachal Pradesh.

c) Capacity
   21,160 TPA.

d) Mining Area
   13-04-00 Bighas/ 0.9933 ha (Private Land).

e) EMP Cost
   Rs. 2.0 Lakhs (Capital Cost) and Rs. 1.2 Lakhs per annum (Recurring Cost).

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall provide temporary shelter to the workers.
  - The project proponent shall submit the list of plant species which are endemic to the area and are fast growing from competent authority.
  - The project proponent shall submit map with proper road alignment in 1:10 or 1:12 grade.
  - The project proponent shall submit R&R plan.
In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Affidavit to provide temporary shelter to the workers.
- Affidavit indicating the list of plant species which are endemic to the area and are fast growing.
- A Google map showing road to the project site.
- Copy of Letter of Intent issued by DoI on dated 4/10/2013 is valid for one year.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

2.15 Sh. Guljar Mohamed, Village-Gulabpura, P.O. Panjeira, Tehsil-Nalagarh, District-Solan, Himachal Pradesh.

Brief outline of the project:

a) Project type
   Extraction/ collection of Sand, Stone & Bajri.

b) Project Location

c) Capacity
   21,730 TPA.

d) Mining Area
   17-04 Bigha (Private land).

e) EMP Cost
   1.6 Lakhs (Capital Cost) and 1.1. Lakhs/ annum (Recurring cost).

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall submit affidavit/ undertaking w.r.t. providing equipment to Sr. Sec. School, Kundu under proposed CSR activities.
  - The project proponent shall submit map with proper road alignment in 1:10 or 1:12 grade.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Affidavit for providing one computer with printer and table to the management of the GSSS, Kundlu.
After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent. The Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

2.16 Pawan Kumar, M/s Bhandral Stone Crusher, village-Gagwal, P.O. Bhadroya, Tehsil-Nurpur, Kangra, Himachal Pradesh.

Brief outline of the project:

a) Project type
   Extraction/collection of Sand, Stone & Bajri from river bed.

b) Project Location
   Khasra Number 156, Mauza & Mohal Lodhwan/Tipri, Tehsil Nurpur, Distt. Kangra, H.P.

c) Capacity
   24,750 TPA (1,23,750 MT for 5 year).

d) Mining Area
   3-71-27 Hectare (Private land, River bed).

e) EMP Cost
   Rs. 8.00 Lakhs (Capital cost), Rs. 1.00 Lakhs/annum (Recurring cost).

The case was listed in 20th Meeting of SEIAA. The State level Environment Impact Assessment Authority (SEIAA), Himachal Pradesh in its 20th Meeting held on 8th January 2015 as per the recommendations of SEAC in its 36th Meeting held on 25-26 February, 2014 has transferred this case to MoEF & CC on 04.02.2015 for further necessary action in view of the fact:

1. That there is concentration of mining activity in the entire area including the area in Chakki River and its tributaries between Kandwal to Lodhwan and bridge on the Pathankot- Jallandar GT road.
2. That the integrated environment management plan for this entire area is essential.
3. That all the leases in the entire area cannot be within the competence of SEAC/SEIAA and an integrated environment management plan covering all impacted issues cannot be incorporated by the SEAC/ SEIAA due to proximity of the interstate boundary and intensity of mining activities in the area.
4. That the lease applications of environmental clearance in Chakki & its tributaries in the areas in Chakki Khad and its tributaries 1 km. upstream of the bridge on Mandi-Pathankot National Highway and 3 kms. downstream of railway bridge on Pathankot-Jallandar section may be dealt with at one level i.e. at the level of Ministry of Environment & Forest, Govt. of India to take holistic view of the entire area and the environment, social, infrastructural and other issues.

With reference to transferring of case to MoEF & CC, the SEIAA, Himachal Pradesh has again received a representation from the project proponent mentioning that for/against decision taken by SEAC in its 36th Meeting to apply 1Km/3Km condition to our case located in Nurpur. Now the project proponent has applied afresh and requested to consider their case for grant of Environment Clearance on priority basis.
The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent, taking into account the certificate of Mining Officer duly counter signed by the State Geologist w.r.t. the fact that the other mining leases in the 500 meter periphery of present proposal are not valid as on date and considering the facts placed before the committee recommended the case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall re submit the Cross Section & L-section.
  - The project proponent shall submit details of maximum annual capacity of the project.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of Cross Section & L-section diagram/map.
- Details of maximum annual capacity of the project i.e. 24,750 TPA.

After considering the recommendations of SEAC and information submitted by the project proponent, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC, subject to prior compliance to the observations of SEAC.

2.17 Sh. Shiv Kumar, M/s Shiva Stone Crusher-cum-Washing Screening Plant, Kothi No.-1090-P, Sector-4, Panchkulla, Haryana.

The project was listed in 36th Meeting of SEAC where it was decided that the applicant should submit the following:

1. As per the provisions of notification dated 9th September, 2013, the project falls Category-A and the proponent should take up the matter at appropriate level.
2. Certificate that section 118 of the H.P. Tenancy & land Reforms Act, 1972 is not applicable be submitted & if permission is required, it should be submitted.

Then after the case was transferred to MoEF&CC by SEIAA, Himachal Pradesh for taking further necessary action in this case. But the same case was transferred back by MoEF&CC vide letter number J-11015/96/2014-I A-II(M) dated 17.03.2015 to SEIAA, Himachal Pradesh, stating that the project fall under the Category ‘B’ (<50 ha) according to Environment Impact Assessment, Notification 2006 dated 07.10.2014. Now the project proponent has applied a fresh for taking Environment Clearance from the Authority.
The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  
  - The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government Sr Sec. School Palion under proposed CSR activities.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Affidavit to construct toilet in a GSSS, Palion under proposed CSR activities.
- Copy of letter of intent issued by DoI is valid upto 24/3/2015.

After considering the recommendations of SEAC and information submitted by the project proponent, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC, subject to prior compliance to the observations of SEAC.

2.18 Sh. Vijay Kumar, M/s Gargacharya Stone Crusher, Village & Post-Largi, Kullu, Himachal Pradesh.

Brief outline of the project:

- **a) Project type**
- **b) Project Location**
- **c) Capacity**
- **d) Mining Area**
- **e) EMP Cost**

Extraction/collection of Stone.

Tukra No. 1, near Largi in Phati Rot-1, Kothi Bhallan, Sub Tehsil-Sainj, Kullu, HP.

15,000 TPA.

11-14 Bighas (Govt. Land/ Forest Land).

Capital cost Rs. 1.7 lakhs and Recurring cost Rs. 1.2 lakhs.

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  
  - The project proponent shall submit details of legitimate source of water supply along with the NOC from panchayat for use of water from nearby source if any.
  - The project proponent shall submit affidavit/ undertaking to construct toilet in GPS Larij under proposed CSR activities.
  - The project proponent shall submit report of implementing of R&R Plan through Forest Department.
  - The project proponent shall submit copy of forest clearance letter.
The project proponent shall submit map with proper road alignment in 1:10 or 1:12 grade.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of NOC from gram Panchayat regarding legitimate source of water supply.
- Copy of affidavit/commitment by project proponent to construct toilet in a GPS, Largi under proposed CSR activities.
- Copy of letter from DFO, Kullu regarding release of Rs. 11,65,500 to the Forest Department.
- Copy of forest clearance letter.
- Map showing 0.45 kms of road to the mining site.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**

  - The project proponent shall submit copy of Joint Inspection Report.
  - The project proponent shall submit copy of Forest Clearance letter.
  - The project proponent shall submit muck management plan.
The project proponent shall resubmit Form-I with correct details.
The project proponent shall submit an undertaking/affidavit to construct toilets (separate for boys & girls) in Govt School Khaneti.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of Joint Inspection Report.
- Copy of Forest clearance letter.
- Muck management plan.
- Undertaking/affidavit to construct toilets (separate for boys & girls) in GSSS Khaneti, Sadoch, Kumarsain, shimla, HP under CSR activity.
- Request letter for correction of Khasra number as per mining lease letter issued by Deptt. of Industries.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Brief outline of the project:

a) **Project type**
   Extraction/ collection of Sand, Stone & Bajri.

b) **Project Location**
   Khasra number 1/1 at Mauza Mohal Choot of Tehsil-Arki, Solan, H.P.

   15,100 TPA.

d) **Mining Area**
   1.813 ha /24-02-00 Bighas (Private land, River bed).

e) **EMP Cost**
   Capital cost as Rs. 3.7 lakhs, Recurring cost as Rs. 2.67 lakhs and Rs. 1.00 lakhs under proposed CSR activity.

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project 'Specific Conditions' as at Annexure-A and 'General Conditions' to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall submit revised EMP cost with actual amount.
  - The project proponent shall submit muck management plan.
  - The project proponent shall resubmit buffer zone map indicating all the legends including the location of bore well.
- The project proponent shall submit an undertaking/ affidavit to construct toilets (Separate for Boys & Girls) in Govt. Pr. School Gaura, Village Bawan.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Detail of revised EMP cost.
- Copy of muck management plan.
- Buffer zone map indicating all the legends including location of bore well.
- Affidavit to construct bathrooms for boys and girls separately at GPS, Village Bhawan, P Jubla, Tehsil Arki, Solan, HP.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Capital cost as Rs. 7.20 lakhs, Recurring cost as Rs. 5.55 lakhs for five years and Rs. 1.50 lakhs under proposed CSR activity.

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall submit revised cost for CSR.
  - The project proponent shall submit R&R plan.
  - The project proponent shall submit details of legitimate source of water supply along with the NOC from panchayat for use of water from nearby source if any.
  - The project proponent shall submit affidavit/ undertaking to construct toilets (boys & girls) in Govt. School Domehar under proposed CSR activities.
In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Revised cost for CSR, R&R Plan, NOC from gram Panchayat.
- Affidavit/ undertaking to construct toilet in GSSS, Domehar under proposed CSR activities.
- Copy of mining lease granted by DoI on dated 10/5/2010 for the period of 5 years.
- Copy of receipt of application for mining lease for renewal.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Brief outline of the project:

<table>

</tr>
</tbody>
</table>

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall submit valid Letter of Intent from mining department.
  - The project proponent shall submit affidavit/ undertaking to construct rain shelter on road side.
  - The project proponent shall submit R&R Plan.
  - The project proponent shall submit the revised EMP cost with realistic CSR cost.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Certificate of distance of mining site from wild life sanctuary.
Copy of mining lease issued/granted by DoI on dated 1/8/2011 for the period of 5 years i.e. w.e.f. 2/2/2010, which is valid upto 1/2/2015. Project proponent has applied for renewal of mining lease before DoI and submitted receipt of the same issued on dated 28/2/14 alongwith Joint Inspection Report etc.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Brief outline of the project:

a) **Project type**
   - Extraction/ collection of Sand & Bajri.

b) **Project Location**
   - Khasra numbers 1123, 1125 & 1126, Mauza & Mohal Jankaur, Tehsil & Distt. Una. H.P.

c) **Capacity**
   - 24,180 TPA.

d) **Mining Area**
   - 4-72-93 Hectare (Private Land).

e) **EMP Cost**
   - Capital cost as Rs. 2.5 Lakhs and Recurring cost as Rs. 0.50 Lakhs/ Annum.

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall resubmit the buffer zone map with relevant legends.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Buffer zone map with relevant legends.
- Copy of provisional mining lease granted by DoI on dated 24/9/2012 for the period of 5 year which was valid for one year i.e. upto 23/9/2013.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the
pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

The case was listed in 39<sup>th</sup> Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government Primary School Dhawal under proposed CSR activities.

In compliance to the conditions imposed by SEAC the project proponent has submitted the affidavit to construct toilet in a dispensary functioning in village Dhawal, Sundernagar, Mandi with the cost of Rs. 60,000/- under proposed CSR activities.

After considering the recommendations of SEAC and information submitted by the project proponent, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC, subject to prior compliance to the observations of SEAC.

[Proceedings of 22nd Meeting of the SEIAA held on 21st July 2015] Page 26/37
e) EMP Cost  
Rs. 1.20 lakhs (Capital Cost), Rs. 0.60 lakhs (Recurring cost) under EMP activities and Rs. 1.60 Lakhs (Capital Cost), Rs. 0.10 (Recurring Cost) under proposed CSR activities.

The project was appraised in 37th Meeting of SEAC and project proponent had complied all conditions imposed by SEAC. The case was again listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- The project proponent to construct toilet in Gram Panchayat Mandwara as per affidavit/ undertaking submitted to the Committee.

**Condition to be fulfilled prior to case listed before SEIAA:**

- The project proponent shall submit revised EMP with costs (Capital as well as recurring costs).

In compliance to the conditions imposed by SEAC the project proponent has submitted revised cost proposed under CSR activities.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

2.26 Smt. Ambika, M/s Saraswati Stone Crusher & Screening Unit, Vivek Nagar, Pir Nigah Road, P.O. & District-Una, Himachal Pradesh.

Brief outline of the project:

a) Project type  
Extraction/collection of Sand, Stone & Bajri.

b) Project Location  
Khasra numbers 2846/1236, 2843/1234 & 2845/1236 at Mauza Chalola, Tehsil & District-Una, Himachal Pradesh.

c) Capacity  
42,600 TPA.

d) Mining Area  
0-76-38 hectares (Private land, Hill slope).

e) EMP Cost  
Capital cost: Rs. 1.0 lakhs, Recurring cost: Rs. 1.25 lakhs.

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

**Condition to be fulfilled prior to case listed before SEIAA:**

[Proceedings of 22nd Meeting of the SEIAA held on 21st July 2015] Page 27/37
- The project proponent shall submit revised EMP with detailed information & CSR costing.

In compliance to the conditions imposed by SEAC the project proponent has submitted revised cost proposed under CSR activities.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.

Brief outline of the project:

| a) Project type | Extraction of Lime stone. |
| b) Project Location | Situated near village-Sangrah, Tehsil-Renukaji at Sangrah, District-Sirmaur, H.P. |
| c) Capacity | 81,053 TPA. |
| d) Mining Area | 8.05.55 hectare (Private Land). |
| e) EMP Cost | Rs. 70.00 Lakhs (Capital Cost), Rs. 395/- per metric tonne of production (recurring). |

The project has been transferred from MoEF&CC vide number J-11015/83/2012-IA-11(M) dated 09.01.2015 to SEIAA of Himachal Pradesh for grant of Environment Clearance due to Category ‘B’ project.

The project proponent has submitted the letters from different departments like approval for grant of mining lease dated 27.05.1992, renewal of mining lease dated 19.11.2001, joint inspection report dated 06.02.2010, Land Revenue Records, letter from Indian Mine Bureau dated 05.07.2012, letter from Mining Officer regarding implementation of Direction issued in 31st inspection report of Monitoring committee dated 24.06.2011, letter from Director, MoEF&CC dated 06.07.2012 & 05.011.2013, NOC from Gram Panchayat dated 23.06.2008, copy of Environmental Public hearing conducted by H.P. State Pollution Control Board on dated 22.03.2014 along with the site photographs.

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- Condition to be fulfilled prior to case listed before SEIAA:
The project proponent shall submit affidavit/ undertaking to construct two toilets (separate for male and female) at GSS Sangrah and one Rain shelter at bus stop Sangrah.

In compliance to the conditions imposed by SEAC the project proponent has submitted affidavit to construct rain shelter at village Sangrah and construct two toilets (separate for boys & girls) at GSS Sangrah under CSR activities.

After considering the recommendations of SEAC and information submitted by the project proponent, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC, subject to prior compliance to the observations of SEAC.

Brief outline of the project:

a) Project type: Extraction of Lime stone.

b) Project Location: Situated near Village Bharwana, Tehsil-Renukaji at Sangrah, District-Sirmaur, H.P.

c) Capacity: 2,50,000 TPA.

d) Mining Area: 32.54 hectares (Private Land).

e) EMP Cost: Capital cost as Rs. 140.0 lakhs and Recurring cost as Rs. 375/- per metric tonne of production (recurring).

The project has been transferred from MoEF&CC vide number J-11015/83/2012-IA-11(M) dated 26.12.2014 to SEIAA of Himachal Pradesh for grant of Environment Clearance due to Category ‘B’ project.

The project proponent has submitted the copy of proceeding of Environmental Public hearing dated 22.03.2014, copy of Form-J for renewal of mining lease, renewal of mining lease from Industry Department, letter from Mining Officer dated 04.01.2011, Form-K i.e. renewal of mining lease, joint inspection report dated 17.06.2006, Land Revenue records, approval of mining plan dated 30.10.2008, letter from Indian Mine Bureau dated 07.09.2012, NOC from Gram Panchayat, letter from Director, MoEF&CC dated 06.07.2012 & 05.11.2013 along with the site photographs.

The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- Condition to be fulfilled prior to case listed before SEIAA:
   - The project proponent shall submit affidavit/ undertaking to construct two toilets (separate for male and female) at GPS Nevabaga and one Rain shelter at bus stop Barag village.

In compliance to the conditions imposed by SEAC the project proponent has submitted affidavit to construct rain shelter at village Barag and construct two toilets (separate for boys & girls) at GPS Nera-Baga, Dadahu under CSR activities.
After considering the recommendations of SEAC and information submitted by the project proponent, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC, subject to prior compliance to the observations of SEAC.

2.29 Sh. Vishal Chambial, M/s J.V. Stone Crusher, Village-Lodhwan, Tehsil-Nurpur, District-Kangra, H.P. 176201.

Brief outline of the project:

a) Project type
   Extraction of Sand, Stone & Bajri.

b) Project Location
   Khasra no. 1 and 541 at Chakki Khad, in Mouza Lodhwan, Nurpur, Kangra.

c) Capacity
   1,43,620 MT for 5 Years.

d) Mining Area
   4-25-33 hectare.

e) EMP Cost
   Rs. 7.0 Lakhs (Capital Cost) and Rs. 1.0 Lakhs (Recurring Cost)

The case was listed in 37th Meeting of SEAC held on 12th & 13th February 2015, where in the committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment certain conditions.

The Project Proponent complied the conditions of SEAC and thereafter, the case was listed in 21st Meeting of SEIAA, wherein the SEIAA decided that matter be referred back to SEAC to re-examine the case application in accordance with the earlier decision of SEIAA w.r.t. Chakki & its tributaries located one kilometer upstream of bridge on Mandi-Pathankot National highway and 3 Km downstream of Railway bridge on Pathankot Jallundar section should be dealt with as a cluster mining operation.

The project proponent again made a presentation before the Committee. After considering the facts and figures besides the representation of another applicant in the name and style of Mohinder Pal for M/s Shivam Stone Crusher, committee observed that the committee had recommended the case application for consideration of project for grant of environmental clearance by the competent authority which in turn imposed the application of condition of cluster mining operation in the present case as well.

After taking on record all the facts, and pro and cons in the matter after detailed deliberation committee decided to refer the case application to MoEF & CC, Government of India with the recommendations which the SEAC has made in appraisal of the case and that the MoEF & CC may please issue the necessary Environment Clearance to the project proponent accordingly.

After deliberation on the recommendation of the SEIAA the authority approved that the case application shall be referred to MoEF & CC, GoI for issuance of necessary Environmental Clearance with recommendation made by SEAC.

2.30 Sh. Rameshwar Guleria, M/s Mahavir Stone Crusher, Mauza & Mohal Majra, Tehsil-Indora, District-Kangra, H.P.

Brief outline of the project:
The case was listed in 39th Meeting of SEAC. The committee after deliberating on the information submitted by the project proponent and considering the facts placed before the committee recommended case application for consideration of project for grant of environmental clearance by the SEIAA, subject to prior fulfillment of following conditions and along with project ‘Specific Conditions’ as at Annexure-A and ‘General Conditions’ to be stipulated as at Annexure-B:

- **Condition to be fulfilled prior to case listed before SEIAA:**
  - The project proponent shall submit copy of valid Letter of Intent.
  - The project proponent shall submit status of other mining lease existing within 500 meters of periphery from mining department.
  - The project proponent shall resubmit cross sections of the river.
  - The project proponent shall submit affidavit/ undertaking to construct toilet for boys and girls GMS Majra under proposed CSR activities.
  - The project proponent shall submit the buffer zone map with all the legends.
  - The project proponent shall submit the muck management plan with quantification.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of **mining lease granted by DoI on dated 30/6/2011 for the period of five years for the total mining lease area of 5-52-35 Hectares comprising of Khasra Nos 195 & 256. But, project proponent has applied for area of 4-64-50 Hectares comprising of Khasra No. 256.**
- Status issued by mining officer, Dharmshala that there are two other mining leases within the radius of 500 hectares (**terrace land above HFL Chakki Khad**).
- Affidavit/ undertaking to construct toilet for boys and girls GMS Majra under proposed CSR activities.
- Buffer Zone map with legends.
- Muck management plan.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.
The case of Mohinder Pal for M/s Shivam Stone Crusher, was transferred from MoEF&CC on 13th September, 2013 to HP SEIAA under amendments in EIA Notification, 2006 dated 09.09.2013. The project proponent has submitted the project proposal on 04.12.2013 to Member Secretary SEIAA, for grant of Environment Clearance. There after the project was listed in 34th Meeting of SEAC (Sr. No. 2.11) and later in 19th Meeting of SEIAA (Sr. No. 2.13) wherein it was decided that the lease applications of Environmental Clearance in Chakki & its tributaries located one kilometer upstream of bridge on Mandi-Pathankot National highway and 3 Km downstream of Railway bridge on Pathankot Jullundar section should be dealt with as a cluster mining operation. The authority decided State Mining Department be asked to indicate the total area under all mining leases (including non-operational mines) within the entire stretch.

Accordingly, letter was written to the Mining Department for further information. The letter has been received from the State Geologist, Department of Industries stating that no mining lease has been granted in Chakki khad and its tributaries located one kilometer upstream of bridge on Mandi-Pathankot National highway and 3 Km downstream of Railway bridge on Pathankot Jallundar section.

The project proponent has also represented on 26.03.2015 along with the letter of Mining Officer dated 03.03.2015 for kind consideration of the SEAC.

During the presentation it has also been mentioned by the Mohinder Pal of M/S Shivam Stone Crusher that they have filed application prior to a case in the name and style of M/s J.V. Stone Crusher, which was appraised by the SEAC in its 34th Meeting which was accordingly considered by the SEIAA in its 19th Meeting with the observation to pend the case till some information which was sought by the SEIAA from State Geologist is received. As a matter of fact it was not a delay on their part and matter was pending either at the level of the office of State Geologist or in SEIAA. This was well prior to the filing of application by the above said unit, therefore, their case may be considered on priority instead of M/s J.V. Stone Crusher in case the first come first serve principle is applied in this cluster.

The SEAC after taking into account all the facts and figures along with letter from State Geologist, observed that the present case has already been recommended and disposed of by the former SEAC with the recommendations that the case being falling in the ambit of Chakki & its tributaries located one kilometer upstream of bridge on Mandi-Pathankot National highway and 3 Km downstream of Railway bridge on Pathankot Jallandhar section should be dealt with as a cluster mining operation, besides border area invites the application of General Condition under the EIA Notification, 2006. And there is no further need of any appraisal of the present case as it has already been appraised by the SEAC.

Therefore, case has to be decided at the level of Government of India as per recommendations of the SEAC in its 34th Meeting. Hence, it was decided by the SEAC that the case may be forwarded to the Government of India for consideration as per decision with the position clarified by the State Geologist and that the MOEF & CC may please issue the necessary Environment Clearance to the project proponent accordingly.

The SEIAA after deliberation approved the recommendations of SEAC.
2.32 M/s Badwal Brick Co., Village Jamniwala, Tehsil Paonta Sahib, Distt. Sirmour, HP

Brief outline of the project:

a) **Project type**
   - Brick earth/ordinary earth mining.

b) **Project Location**
   - Khasra number 280/2, 280/3, 552/311/2 & 551/311/2 at Mauza Ganguwala Jamniwala, Tehsil Paonta Sahib, Distt. Sirmour, H.P.

c) **Capacity**
   - 12.00 Lakh Bricks/annum.

d) **Mining Area**
   - 9-00 Bigha/ 0.7586 Hectares.

The case was listed in 32nd Meeting of SEAC. The committee recommended the matter to SEIAA for environment clearance as category B-2 with some specific conditions beside general conditions after the applicant submits the certificate from Mining Department clarifying that there is no existing operation mines & mining project within the radius of 500 meters from the periphery of mining site as per MoEF, GoI notification dated 9/9/2013.

HPSEIAA in its 18th Meeting advised the project proponent to submit the letter of intent issued by the Industries department for considering the grant of EC. In compliance to the directions of authority project proponent had submitted the letter of intent issued by Deptt. of Industries dated 26/3/2015 for the period of one year.

After considering the recommendations of SEAC and information submitted by the project proponent, the authority approved the grant of Environment Clearance in favour of the Unit with Specific and General Conditions as imposed by the SEAC, subject to prior compliance to the observations of SEAC.

a) **Project type**
   - Mining of lime stone.

b) **Project Location**
   - Khasra number 528/1 and 62 Mauza Kamroo, Distt. Sirmour, HP.

c) **Capacity**
   - 30,000 TPA.

d) **Mining Area**
   - 66-04 Bighas.

e) **EMP cost**
   - Rs. 15 Lakhs.

The case was transferred by Ministry of Environment, Forests & CC, Govt. of India to SEIAA. The ToR's of the project has been issued by MoEF & CC on 28.04.2011. A letter from Ministry of Mines regarding approval of scheme of mining w.r.t. project proponent dated 03.05.2010 has also been taken by the PP. A letter from State Geologist regarding transfer of mining lease granted to project proponent 18.07.2009 has been supplied.

The case was listed in 37th Meeting of SEAC. The Committee after deliberating on the information submitted by the project proponent and after considering the facts placed before it, concluded that the case application for grant of environmental clearance by the SEIAA may pend till the fulfillment of following conditions as follows:

- The project proponent has indicated in application forms total involved area is 5.60 ha. The SEAC observed that this is an admitted case of violation of EIA Notification, 2006 and need to be dealt as per Office Memorandum No.J-11013/41/2006-IA.II (I) Dated 12-12-2012 of MoEF which interalia prescribes the procedure for dealing with cases of violations of aforesaid notification as:

[Proceedings of 22nd Meeting of the SEIAA held on 21st July 2015] Page 33/37
The matter relating to the violation will need to be put up by project proponent to the Board of Directors of its company or to the Managing Committee/CEO of the Society, Trust, Partnership/Individually owned concern for consideration of its environmental related Policy/plan of action as also a written commitment in form of a formal resolution to be submitted to ensure that violations will not be repeated. For this purpose a time limit of 60 days will be given to the project proponent. In the mean time the project will be delisted. In the eventuality of not having any response from the project proponent within the prescribed limit of 60 days, it will be presumed that it is no longer interested in pursuing the project further and the project file will be closed, where after the procedure will have to be initiated de novo by such project proponents.

The Agencies concerned will need to initiate credible action on the violation by invoking powers under section 19 of Environment (Protection) Act, 1986 for taking necessary legal action under section 15 of the Act for the period for which the violation has taken place and evidence provided to SEAC of the credible action taken.

The details of the project proponent and a copy of commitment etc mentioned at (i) above will be put on the website of SEIAA for information of all stakeholders. Hence in view of above the SEAC decided before consideration of the proposal that: (a) proponent shall provide information on point (i) within 60 days; (b) evidence of credible action as per point (ii) by agencies concerned and the project is pend till the compliance on (a) & (b) is reported by the proponent besides following conditions:

- The project proponent shall submit the copy of letter of intent issued by the competent authority.
- The project proponent shall submit L and X cross sections depicting the bed level of river bank at 50 meter intervals.
- Submit the list of plant species which are native to the area and are fast growing.
- To submit the certificate from concerned authority of PWD to the effect that there is no significant structure located nearby the project site as to ensure that the same is not affected by the activities of the project.
- To submit a digital map of Land use of proposed site covering the minimum of 5 KM radius besides the State Boundary in case it is relevant.
- To create provision of civic amenities, sanitary facilities such as toilet and temporary shed for the workers, including a Water tank for villagers.
- The project proponent shall submit an undertaking/ resolution to provide the sanitary facility i.e. Toilet in a nearest located Government School/ Dispensary/ Panchayat Ghar to the SEIAA clearly mentioning the name of that Government School/ Dispensary/ Panchayat Ghar under proposed CSR activities.
- The Project proponent shall submit a NOC from IPH department regarding availability of water to meet the project requirement.
- The Project proponent shall submit Photographs & videography of the mining area.
- The Project proponent shall submit an under taking to the effect that the Top soil shall be kept and be reused for fresh plantation for greening the area.
The Project proponent shall submit the plan for testing the water quality specifically w.r.t. pH, TDS, TSS, Alkanity for all the nearby water bodies/tributaries (pre and post monsoon season).

The project proponent shall include the provision for number of check dams, protection of flora and a plan for covering social aspect shall also be added.

The project proponent shall make special provision of funds for haul road with parapets, (with proposal to make minimum five parapets in a month).

The project proponent shall submit a certificate from the mining officer to the fact that how many mining leases are located within 500 meters mentioning the area in hectare.

The project proponent shall revise the cost of EMP from 11.25 lacs to 15.00 lacs.

In compliance to the conditions imposed by SEAC the project proponent has submitted the following documents:

- Copy of instruction to take the credible action against M/s Janki Mines and Minerals.
- Copy of lease deed & transfer letter.
- List of plant species which are native to the area and are fast growing issued DFO Renuka.
- Certificate from concerned authority of PWD to the effect that there is no significant structure located nearby the project site as to ensure that the same is not affected by the activities of the project.
- Digital elevation map.
- Affidavit to create provision of civic amenities, sanitary facilities such as toilet and temporary shed for the workers, including a Water tank for villagers.
- Affidavit to construct toilet at Primary School Kamrau under CSR activities.
- NOC from IPH department regarding availability of water to meet the project requirement.
- CD containing photographs of the mining area.
- Affidavit to keep the top soil and will be used the same for the fresh plantation for greening the area.
- Water quality plan.
- Certificate from the mining officer to the fact that how many mining leases are located within 500 meters mentioning the area in hectare.

After deliberations, the Authority observed that the SEAC has recommended the case on certain conditions and prior submission of certain documents by the project proponent, the Authority observed that the additional information/documents submitted by the project proponent should have been re-examined by SEAC itself as to ensure that the compliance reported by the project proponent as per the observations of SEAC was complete. Though in the instant case considering the pendency of the application for considerable time, the Authority decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together and re-examine the additional documents and, if found complete in all respect the case may be listed for next Meeting of the SEIAA. Incomplete case be referred back to SEAC.
ITEM NO. 3:

Correction in Grant of Environmental Clearance Letter.

Brief outline of the project:

<table>
<thead>
<tr>
<th>a) Project type</th>
<th>Extraction/collection of Sand, Stone &amp; Bajri.</th>
</tr>
</thead>
<tbody>
<tr>
<td>c) Capacity</td>
<td>27,300 MTA (Stone).</td>
</tr>
<tr>
<td>d) Mining Area</td>
<td>45-05 bighas (3.8142 ha Pvt. Land).</td>
</tr>
<tr>
<td>e) EMP Cost</td>
<td>Rs. 5.5 Lakhs (Capital Cost) and Rs. 1.0 Lakhs (Recurring Cost).</td>
</tr>
</tbody>
</table>

The EC was granted to the project proponent vide letter number HPSEIAA/2013/237-M/s Yamuna Mines & Minerals dated 12.05.2015. The project proponent on dated 13.05.2015 has requested to make correction of Khasra numbers i.e. 273/256/155/2/1, 255/155/2, 254/155/4/2 & 254/155/2/2. The case was placed before the SEAC in 38th Meeting and Committee considered necessary amendment in the Khasra numbers and recommended that the SEIAA may issue the corrigendum w.r.t. same.

After due diligence the SEIAA approved the issuance of the corrigendum as per approved mining plan and as per letter from Industries Department, GoHP.

3.2 M/s Him Chemicals & Works, Unit-II, Village & Post Office-Bathu, Tehsil-Haroli, District-Una, H.P.

Brief outline of the project:

<table>
<thead>
<tr>
<th>a) Project type</th>
<th>Extraction/collection of Sand, Stone &amp; Bajri.</th>
</tr>
</thead>
<tbody>
<tr>
<td>b) Project Location</td>
<td>Khasra No. 1115/1 at Mauza Bathri, Tehsil-Haroli, Una.</td>
</tr>
<tr>
<td>c) Capacity</td>
<td>7,125 TPA.</td>
</tr>
<tr>
<td>d) Mining Area</td>
<td>1.0791 hectares (Private land, hill slope).</td>
</tr>
<tr>
<td>e) EMP Cost</td>
<td>Rs. 5.0 Lakhs (Capital Cost) and Rs. 2.0 Lakhs (Recurring Cost).</td>
</tr>
</tbody>
</table>

Project proponent on dated 08.05.2015 requested to make correction of address i.e. M/s Himachal Chemicals & Silicate Works, Unit-II, instead of M/s Him Chemicals & Works, Unit-II and Mining Capacity as 7,125 TPA instead of 1,725 TPA. The case was placed before the SEAC in its 38th Meeting and committee considered the necessary amendment in the project address & capacity and recommended that the SEIAA may issue the corrigendum w.r.t. same.

After due diligence the SEIAA approved the issuance of the corrigendum as per approved mining plan and as per letter from Industries Department, GoHP.

ITEM NO. 4:

The Ministry of Environment, Forests & Climate Change, Govt. of India has initiated online mechanism for submission of Applications for Terms of References (ToRs)/Environment Clearance (EC) to State level Environment Impact Assessment Authority/State level Expert Appraisal Committee (SEIAA/ SEAC). A demonstration workshop was organized by MoEF&CC, GoI on 10th June, 2015 at Indira Paryavaran Bhawan, New Delhi.
which was attended by Secretary (HPSEAC) along with one technical officer from DEST. On 2nd July, 2015 Hon'ble Minister of State (Independent Charge) of Environment, Forest and Climate Change, Shri Prakash Javadekar through video conferencing inaugurated web portal of all the States developed by MoEF&CC, GoI which also include Himachal Pradesh. This interactive video conference was attended by Chairman, Member, & Member Secretary of SEIAA & SEAC in the Conference hall of HP Secretariat.

User ID and Password to access State specific portal has been provided by MoEF&CC, GoI to Member Secretary (HPSEIAA) and Secretary (HPSEAC). The target date for adopting the online system has been given 2nd October 2015.

The SEIAA after discussions on development of online mechanism for submission of applications for ToRs/EC, welcomed the initiative and decided to switch over to online submission for the state of HP within the target date i.e. 2nd October 2015. The Authority directed that the information on online mechanism for submission of applications for ToRs/EC should be uploaded on the web site and all the concerned should be apprised accordingly.

ITEM NO. 5:

The SEIAA observed that SEAC recommend some of the cases to the SEIAA for consideration of grant of Environmental Clearance subject to prior fulfillment of certain conditions by the Project Proponent. The SEIAA noted that it is very difficult to verify compliance of these conditions during the process of Environmental Clearance at SEIAA level as to ensure that the observations of SEAC is complete in all respect. Therefore, the Authority decided that in future SEAC may recommend only such cases which are complete in all respect. Otherwise, such cases will not be entertained. As far as the cases already approved the SEIAA decided that the Member Secretary (SEIAA) and Secretary (SEAC) may sit together to re-examine the additional documents and, if found complete in all respect then case may be list for next Meeting of the SEIAA.

ITEM NO. 6:

The SEIAA discussed direction issued by MoEF &CC, GoI regarding hiring/engaging of only accredited Consultants by the project proponent for preparation of EMP/EIA reports for Environmental Clearances and decided that henceforth, submission of accreditation certificate of the Consultant preparing EMP/EIA of the Project shall be mandatory along with the application, if the Project Proponent takes services of a Consultant.

The Meeting ended with a vote of thanks to the Chair.
